PRI MAGAZINE

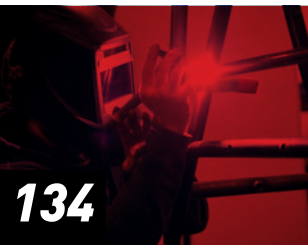

Engine Components.....8
State-of-the-art products—blocks, pistons, gaskets, crankshafts, cylinder heads, and more—for almost any type of powerplant.

Chassis, Driveline & Suspension72
All-new components—rearends, torque converters, clutches, shocks and springs, and more—for race car fabrication and parts sales.

Racing Components, Accessories & Services..96
A collection of products and services—helmets, firesuits, fluids, sensors, trailers, and more—for teams, drivers, and vehicles.

Machinery, Tools & Equipment 134
The latest machining and shop equipment designed to enhance cutting, honing, porting, surfacing, grinding, testing, cleaning, and more.

Race Track Equipment 156
New solutions and services designed to improve operations through better track conditioning, communications, safety, and elsewhere.

Sanctioning Bodies 160
A comprehensive list of organizations that regulate and coordinate the various events and series that fall under their authority.

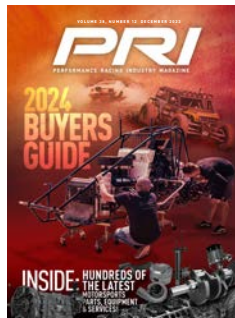

Manufacturers' Representatives..... 178
Leading firms that connect suppliers and customers—from the largest WDs to the smallest speed shops and engine builders.

Warehouse Distributors 185
Providers of valuable storage space as well as communication tools, technical support, cataloging, and other useful services.

Suppliers Index..... 187
Reference and contact information for hundreds of leading product suppliers representing all forms of motorsports.

Be last.

Being the last on the brakes isn't just a test of skill, it's also a test of how much confidence a driver has in their brakes.

With unique **Fade Resistant Technology™**, **Halo P1** has a far lower and far more stable level of compressibility over a wide temperature range than the competition—giving drivers the confidence that their brake fluid will perform as well on the last lap as the first.

Formulated for the art of braking.

ARP

arp-bolts.com | 800-826-3045

**ARP CUSTOM AGE 625+ HEAD STUDS**

- All ARP Custom Age 625+ Studs are centerless ground, heat-treated prior to thread rolling and machining, nominally rated at 260,000–280,000 psi tensile strength and are reusable compared to the OEM Torque to Yield (TTY) head studs
- Optimum design, enhanced reliability and increased strength are the main attributes of ARP's Main Stud Kits

**ARP ROD BOLTS**

- ARP has over 500 stock rod bolts with material tensile strength from 180,000 to 280,000 psi
- Special orders are available
- Bolts are reusable as compared to the OEM Torque to Yield (TTY) rod bolts, which must be replaced after each use
- Optimum design, enhanced reliability and increased strength

**ARP ACCESSORY FASTENERS**

- Engine and accessory fasteners that are superior in strength to OEM
- Offered in both polished ARP Stainless and 8740 Black Oxide finish in both hex and 12-point heads, rated at 180,000 psi tensile strength

**ARP WHEEL STUDS**

- Available in press-in studs for most domestic and sport compact vehicles as well as screw-in studs for aftermarket axles
- Made from 8740 chromoly steel
- Heat-treated to a nominal tensile strength of 190,000 psi
- ARP offers 1/2-20 screw-in studs up to 3.470-inch underhead length

BR MOTORSPORTS IGNITIONEERING

brpromag.com | 559-739-1515

BRpromag.com

BR BLACK MAGIC PRO MAG 44

- Most powerful magneto in company's lineup
- Proprietary rare earth magnets
- Hand-wound induction coil
- BR's Blue Print technology

BR BLACK MAGIC PRO MAG 20

- Same magneto as the Pro Mag 44 with the exception of the induction coil
- Allows the 20 AMP to be used with a MSD 8106 spark box instead of a separate control box and coil system

BR BLACK MAGIC 12LT

- Blue Printed, which means extensive CNC machining and hours of calibration and special proprietary wiring including an external ground loom with water-tight connector as well as assembly procedures using the company's all new billet zero tolerance set-up fixtures

BR BLACK MAGIC LOW PRO 12LT

- Will allow you to lower your air filter system down a full 2 inches
- Increased horsepower because you can get more air into your air filter and also run shorter stacks
- Proven winner
- Has all the same great features as all the other BR Black Magic magnetos

CP-CARRILLO

cp-carrillo.com | 949-290-0189

GODZILLA FORD 7.3L CONNECTING RODS

- Made in the USA from our trusted Carrilloloy, 4330 modified
- Rated for 1,800 horsepower and 8,500 rpm
- Accepts 7.3L & Modular 4.6, 5.0L, 5.4L bearings

GODZILLA FORD 7.3L V8 2020-23 PISTONS

- Rated for 1,500 horsepower
- Available in two bore sizes: 4.225 + .005 and 4.250 + .030
- Includes .043, .043, 3.0-mm heavy-duty steel ring pack
- 10.5 compression ratio using E85 with a 1.338 compression height
- .990-inch diameter chromoly pins with .200-inch wall
- Lateral gas ports

TOYOTA YARIS GR G16E-GTS PISTONS AND RODS

- Rated for 900 horsepower drag race, or 750 horsepower road/rally racing
- Available as a combo with standard or plus 4-mm rod length
- Unique long-rod combo offers 50-gram piston weight savings, improving overall reciprocating mass and rod ratio
- Long-rod combo should also help provide longer bearing life

HEAVY-DUTY SHELF PISTONS FOR BMW B48/B58/TOYOTA SUPRA A90 SC8705

- Manufactured in the USA from CP's heavy-duty forging
- Designed specifically for heavy boosted applications
- Supplied with upgraded 9310 ultra-duty .250-inch-wall pins
- Includes CP's upgraded rings with PVD coating
- Good for around 1,800 horsepower

AEROMOTIVE

GEN II STEALTH FUEL TANKS - 200 & 340 LPH

Turn 14 Distribution is the premier B2B source for Aeromotive's performance fuel components. As a valued dealer, we provide you with access to industry-leading customer support, real-time inventory, flat rate shipping from our strategically located distribution centers, and 100% hassle-free returns.

100% WHOLESALE | TURN14.COM

DAYCO

na.daycoaftermarket.com | 800-848-7902

DAYCO 8-MM BLOWER BELT

- Engineered for pro-modified cars, Top Alcohol dragsters and high-performance street cars
- HNBR rubber construction for maximum heat and oil resistance
- High durometer HNBR and Teflon coating for highest tooth strength
- Carbon cord construction offers extreme durability and performance
- Available in multiple lengths and 50-mm, 75-mm and 84-mm widths

DAYCO SUPERCHARGER BELT

- Engineered for late model high-performance supercharged street cars like ZR1 Corvettes, Shelby Mustangs and SRT Hellcat applications
- Aramid fiber loaded EPDM construction and high stiffness PET cords eliminate belt stretch
- Extreme durability and reduced slip under high-boost conditions
- Extensive on-the-track testing by Watson Racing

POWERBOND BY DAYCO RACE SERIES HARMONIC BALANCERS

- Dayco's harmonic balancers bring the advantages of bonded balancers to high-revving, high-horsepower applications where an SFI-approved balancer is required
- Tested beyond 21,000 rpm without failure
- Precision CNC-machined AISI 1045 forged steel hub
- Laser-etched timing marks for easy timing changes
- Engineered to be lightweight for an all-steel product

DAYCO TIMING CHAIN KITS

- Dayco's timing chain kits make it easy to conduct a thorough repair using precision engineered parts
- High-quality chains prevent stretch, addressing the number one replacement issue
- Premium sprockets fit flawlessly for exact timing
- High-grade plastic guides provide excellent wear resistance
- Backed by a two-year or 60,000-mile parts and labor warranty

WE POWER WHAT DRIVES YOU

Thank you for your continued loyalty and business

Let's make it a Powerful 2024!

DELTA PAG

deltapag.com | 212-203-2912

MONO-CORE ALUMINUM RADIATORS

- Newly designed aluminum radiator cores by Delta PAG use only one extra-wide tube vs. multiple smaller tubes
- Unique Mono-Core design increases air velocity effectively increasing heat dissipation
- More space for proper shrouding and fan assembly
- One row is better than a four-row

BRUSHLESS WATER PUMP

- 60 gallons per minute (227 liters per minute)
- Variable speed acts like a virtual thermostat
- Removal of conventional thermostat increases top-end flow rates
- Brushless so will last for +50,000 hours
- Inlet single AN20, outlets dual AN12

BRUSHLESS COOLING FANS

- More airflow up to 4,100 cfm
- Thinner at only 2.70 inches
- Soft Start eliminates power spikes
- Variable speed runs extremely efficiently
- Unique designed small brushless motor packs a punch
- 12, 14, 16, and 18 inches

DIGITAL TEMPERATURE CONTROLLER

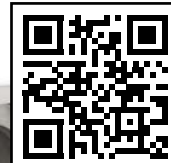

- Dual-channel digital temperature/speed controller
- Set on and off settings for two fans or pumps
- Increases and decreases speed of fan or pump via PWM outputs
- Accurate at 1% temperature
- Bright 3-inch display, use as your primary temp gauge

DRIVING THE FUTURE OF AUTOMOTIVE PERFORMANCE

Edelbrock Group™ elevates automotive performance by unifying the most iconic brands and products in the aftermarket. We believe in promoting and expanding the love for the automotive lifestyle by investing in the next generation of enthusiasts. Whether on dirt, asphalt, street, or strip, the Edelbrock Group family of brands offers an unrivaled advantage over the competition by building on decades of experience, passion, and innovative thinking from the most brilliant automotive minds. We stand firm in our commitment to providing next-level solutions and quality products through superior engineering and exceptional service for all customers.

RETRO LS PORT 750 HP EFI SYSTEM FOR LS1 OR LS3

- Retro Port LS EFI for LS1 and LS3 applications
- E85 compatible
- Old-school appearance
- Built-in transmission control
- High-horsepower support and boost/nitrous compatibility
- Complete kit equipped with cast intake, classic series throttle body injection, -6 AN and -8 AN fittings, a fuel pressure regulator, sensors, fuel rails, injectors, and an ECU

ULTIMATE REBEL LS EFI SYSTEM

- Designed for enthusiasts seeking both power and aesthetics
- Cleaner profile for better dressed engine bay
- E85 compatible
- Advanced fuel injection technology
- Boost/nitrous compatibility – equipped with 3 bar MAP sensor (27 PSI)
- Options to support up to 500, 750, and 1,000 horsepower
- Complete kit equipped with manifold, ECU, sensors, throttle body, harness, and more

GO SPARK ADVANCED CDI & COIL

- Adjustable spark energy output; 275mJ for the street or 585mJ for the strip
- Rev limiter settings for burnout, launch, and max engine over-rev protection
- Digitally controlled for precise timing control
- LED shows live rpm or battery voltage, with buttons for adjustments
- High energy coil to maximize CDI performance benefit

FITECH UNIVERSAL 4 BARREL THROTTLE BODY

- 4150 flange throttle body
- 1,000+CFM
- Compatible with TMAP or MAP sensors
- Threaded IAT port for boosted blow-through applications
- Built on IAC motor
- Vacuum ports
- Also available in bright finish

WILWOOD RACING

NEW!

WIDE 5 STARLITE 55XD LUG-DRIVE HUBS

The Starlite 55XD Lug-Drive hub combines three Wilwood innovations to create a strong, light racing hub for the most demanding race tracks.

XRZERO ZERO-DRAG RACE CALIPERS

XR RACE-ONLY BRAKE FLUID

645° F dry boiling point is one of the highest of any brake fluid and performs under the most extreme high temperature conditions

BELT DRIVE TIMING SETS

- Designed for reduced valvetrain harmonics and precise valve timing
- Simple valve-timing adjustments in minutes
- Quick and easy cam changes
- Applications for Chevrolet SB (std. & raised cam), LS & BB; Dodge/Chrysler SB, BB/426 Hemi; Ford 302-351W & FE

BILLET STEEL LS RELUCTOR WHEELS

- Designed to eliminate the failures due to reluctor slipping on the crankshaft
- One-piece design for accuracy and virtually no deflection for precise ignition timing
- CNC-machined from billet steel to the highest tolerances
- Accurate, reliable, a must for all LS performance and race applications
- Chevrolet/GM 24- and 58-tooth

TRACK SMART 4340 FORGED H-BEAM RODS

- Precision CNC-machined
- Certified 4340 aircraft quality steel
- Special heat-treat to ensure strength and reliability
- Fully stress-relieved and shot-peened
- X-rayed and ultrasonically tested
- 7/16-inch ARP 2000 fasteners

BILLET REAPER E4340 BILLET CRANKSHAFTS

- Manufactured from E4340 aircraft quality billet bar stock
- Computer-designed counterweights for reduced bearing loads and improved balance
- CNC-machined to exacting tolerances
- Full eight center-counterweight design
- Deep nitride hardened
- Fully stress-relieved and shot-peened
- Large fillet radii on all bearing journals

JMS CD-1 SUPER SPEEDWAY—PROFESSIONAL RACING IGNITION SYSTEM

- Plug-and-play capacitive discharge racing ignition system for Late Model crate engine racing
- Part number 6000-6701K
- Approved racing ignition system: Southern Super Series, CARS Super Late Model Tour, SPEARS Southwest Tour Series, ACT Series Tour
- 135 mJ spark energy, encapsulated construction, highly resistant to vibration and shock

JMS SMART SPARK—TRANS-AM SERIES TA2 LS IGNITION SYSTEM

- Complete kit with wiring harness
- TA2 ignition system for Chevy LS engines
- Part number TA2SSLS-K
- Supports approved TA2 GM LS racing engines (carbureted LS engines with 58-tooth crank trigger)
- Pre-programmed with approved TA2 ignition timing advance tables, sealed for the TA2 racing series

JMS FUELMAX—FUEL PUMP BOOSTER

- Plug-and-play—Dodge, GM, Ford
- Boosts fuel pump voltage equals more fuel pump flow
- 22-volt max output
- User adjustable
- Support up to 1,000-hp single pump and 1,300 hp with dual pumps
- Direct wire-in version available for racing

JMS TRACTIONMAX—SLIPPING AIN'T WINNING

- Optimize acceleration and traction and increase throttle response
- Most vehicles supported
- Simple install and setup
- Includes dual adjustment dial
- Compatible with factory and aftermarket tuning
- Designed and assembled in the USA

VALVE SPRING KITS FOR GM LS ENGINES

- 14 new valve-spring-kit part numbers available
- Each kit contains:
 - Eight intake valve stem oil seals
 - Eight exhaust valve stem oil seals
 - 16 valve springs
 - 16 titanium or steel valve spring retainers
 - 16 valve locks (32 pcs)

HIGH PERFORMANCE LIFTERS FOR GM 4.8L, 5.3L, 5.7L 6.0L & 6.2L

- Three part numbers available: 29ST2126LSR / 292110R / 292116LSR
- Cold-forged steel body and heat-treated for exceptional wear resistance
- Precision ground needle roller bearings with high chromium steel axle for long life and minimal friction

NEW CAMSHAFT KITS FOR GM LS APPLICATIONS

- 88 new kit part numbers available
- Featuring 22 different camshaft profiles
- Made in the USA – steel core camshafts
- Options of dual or beehive valve springs
- Options of titanium or chromoly retainers
- Kits include Viton valve-stem seals, valve locks, chromoly pushrods and thrust plate

NEW CAMSHAFTS FOR GM GEN V/LT APPLICATIONS

- Tri lobe billet steel – Made in USA
- PN 22329 valve lift .502/.494, duration at .050 193/199
- PN 22330 valve lift .639/.639, duration at .050 224/238
- PN 22331 valve lift .639/.639, duration at .050 230/244
- PN 22332 valve lift .639/.639, duration at .050 218/230

DRIVE WITH CONFIDENCE: ENHANCE YOUR TRUCK'S LONGEVITY WITH PREMIUM FILTERS

PREMIUM HIGH-EFFICIENCY ENGINE OIL FILTERS

The PPE Premium High-Efficiency Oil Filters is just what your engine needs for maximized protection and prolonged oil life. Each PPE Filter is equipped with larger, more efficient filter media, a high-power magnet that traps metal particles, a silicone anti-drain-back valve that eliminates engine dry starts, and a stiffer, rubber-sealed bypass valve. The PPE Oil Filter is the ultimate choice for your engine. Upgrade today.

EIGHT COUNTERWEIGHT LS BILLET 4340 CRANKSHAFT

- A true billet crankshaft with counterweights located to reduce bending and flexing in high-rpm engines

CHEVY DURAMAX DIESEL 4340 BILLET H-BEAM CONNECTING RODS

- Designed for high strength and high quality at an affordable price

FORD 7.3L GODZILLA CONNECTING RODS

- Available in both PWR ADR and PWR ADR Plus versions for high boost and/or sprayed applications

PWR ADR PLUS CONNECTING RODS

- These rods are made for high boost and sprayed applications where maximum rod strength is needed
- Available in different lengths and configurations for small block and big block Chev, Ford, and Chrysler applications

CUSTOM FASTENERS

ARP has available stocks of all high strength materials, including Custom Age 625+, and our custom fastener manufacturing turnaround times are continuing to drop. Call us to discuss your custom fastener project.

ARP Fasteners are tested and proven in the most demanding environments on Earth...and beyond.

ARP fasteners are used in racing all around the globe and applications from space to below the earth's surface.

All ARP fasteners are manufactured entirely in our own facilities in Southern California and raced all over the world.

OPTITORQUE TECHNOLOGIES

optitorque.com | 315-924-3888

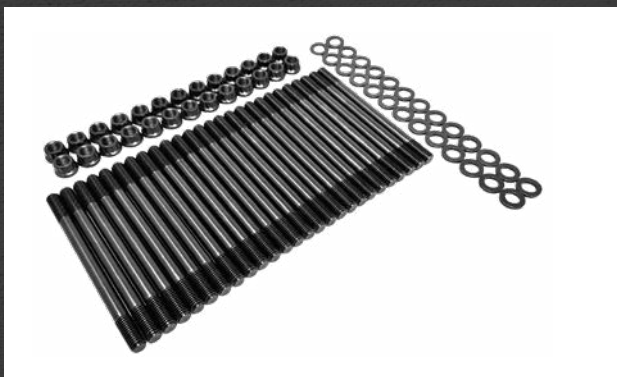

TORQUEMASTER SS FASTENERS

- Providing performance that approaches the strength of Custom Age at a dramatically lower price point
- Available for popular domestic, import, and diesel stud and bolt applications for heads and mains, including aftermarket blocks
- OptiTorque fasteners are manufactured in the USA from domestic materials

TORQUEMASTER SERIES FASTENERS

- OptiTorque TorqueMaster is the go-to alloy for serious performance applications, offering the improved stretch area in its price class while increasing fatigue and clamping properties
- Available for popular domestic, import, and diesel stud and bolt applications for heads and mains
- Manufactured in the USA from domestic materials

PATRIOT SERIES FASTENERS

- Provides a performance upgrade over OEM torque-to-yield fasteners
- Available for popular domestic, import, and diesel stud and bolt applications for heads and mains, as well as exterior and accessory fasteners.
- OptiTorque fasteners are manufactured in the USA from domestic materials

CUSTOM AGE FASTENERS

- OptiTorque Custom Age fasteners are for ultra-high-performance applications without compromise
- Features the company's proprietary processes and a corrosion-resistant tumbled finish
- Available for popular domestic, import, and diesel stud applications, including aftermarket blocks
- OptiTorque fasteners are manufactured in the USA from domestic materials

IT STARTS IN THE SHOP. IT ENDS IN VICTORY LANE.

Engine builders are perfectionists. And so are MAHLE Motorsport engineers. Expect unmatched performance, absolute tolerances and proven durability from every piston. And if you order a POWERPAK piston kit, you also get low-drag piston rings, clips and German steel pins—all designed to complement your pistons to ensure minimum friction and maximum horsepower.

AIR-TO-WATER INTERCOOLER KIT FORD 6.7L 2011-2023 POWERSTROKE

- High-flowing internal cores
- All-aluminum bar-and-plate-style construction
- 63% less restrictive than stock
- Reduces inlet backpressure, allowing turbocharger to operate more efficiently
- 50% larger core increases cooling efficiency
- Large, flow-optimized end tanks; increases charge air density
- Lowers exhaust gas temperatures

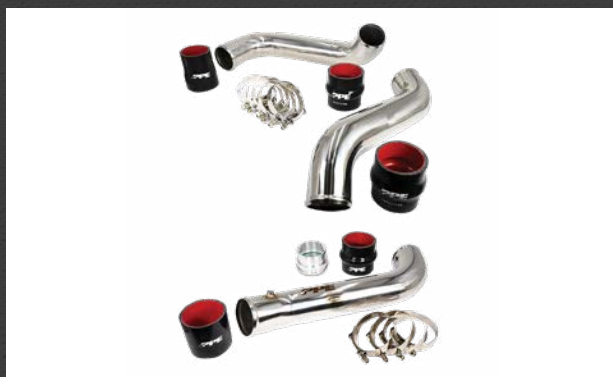

UP-PIPE KIT FOR FORD SUPERDUTY 2020-2023

- Full 304 stainless-steel up-pipes
- 50% larger flow path
- Reduced exhaust backpressure
- Better flow of exhaust gases
- Internally sleeved bellows
- Includes stainless-steel gaskets
- Direct bolt-on replacement
- Compatible with factory EGT and EBP sensors

ZILLA INTAKE TUBE, 2020-2024, CARBON FIBER

- Increased torque, better acceleration
- Faster throttle response, less turbo lag
- Reduces frictional pressure drop by 73%
- Increased volumetric airflow
- 100% dry/prepreg carbon fiber construction
- Works with OEM and most aftermarket airboxes
- Includes all necessary mounting hardware and new insulator grommet
- Available in two carbon fiber finishes

BOOST TUBE UPGRADE KIT FOR GM L5P 2017-2019

- PPE hot and cold side intercooler charge pipe kit
- Enhances performance and durability
- Full 304 stainless-steel construction
- 3.0-inch hot-side tube
- 3.5-inch cold-side tube
- Includes five-ply silicone couplers
- Improved air flow
- Enhanced throttle response
- Easy, bolt-on installation

PETERSON FLUID SYSTEMS

petersonfluidsys.com | 800-926-7867

R4 DRY SUMP OIL PUMP

- Lightweight design features aluminum rotors, shallow depth screw-in fittings and profile
- Rear drive setup standard allows for direct mounting of all popular steering/fuel pumps
- Four-lobe rotor is patent pending, twisted design for superior vacuum
- Superior oil pressure at high oil temps
- Unique and versatile mounting system
- Customized for unique applications

OIL TANKS

- Unique baffle system has been refined to provide the best deaeration performance
- Manufactured from spun aluminum and CNC-machined flanges and fitting for lightweight performance
- Custom configurations available

REMOTE FILTER MOUNT W/ ENGINE OIL PRIMER

- 20 psi in as little as 10 seconds using a standard cordless drill
- Utilizes an R4 twisted-lobe rotor design for quick delivery
- AN port fittings and tube, firewall or tank mounting options available

OIL & FUEL FILTERS

- Durable anodized billet body and end cap
- Wide variety of available accessory caps
- Pleated stainless steel or 10/20 micron filter elements
- Wide variety of available options for unique applications

PRECISION TURBO AND ENGINE

shop.precisionturbo.net | 855-996-7832

NEXT GEN 6466 TURBO

- 1,000-horsepower rating
- New Next Gen 7x7 CEA compressor wheel machined from a 2618-aluminum closed-die forging
- Next Gen Aero Technology, with flow enhancements to compressor housing to provide 10% more flow
- High-flow 66-mm turbine wheel
- 64-mm compressor wheel inducer
- Air-cooled, dual ceramic ball-bearing center section
- Easy, drop-in installation
- Lowers exhaust gas temperatures

NEXT GEN 6870 TURBO

- 1,200 horsepower rating
- CEA (Competition Engineered Aerodynamics) compressor wheel machined from a 2618-aluminum closed-die forging
- High-flow 70-mm turbine wheel
- 68-mm compressor wheel inducer
- Available with new SCP compressor cover with 4-inch inlet and 2.5-inch outlet
- Also available is HP compressor cover w/ 4-inch inlet and 3-inch outlet

NEXT GEN 7275 TURBO

- 1,380 horsepower rating
- Powerful 72-mm H cover turbocharger
- New CEA engineered compressor wheel machined from 2618 aluminum closed-die forging
- Air/oil-cooled opposed angular contact ceramic full complement ball bearing center section
- High-flow 11-blade turbine wheel design
- Proven to provide a 15% improvement over the previous generation

56-MM C02 PISTON-STYLE WASTEGATE

- A-347 stainless investment cast valve body ensures consistent performance without fatigue or failure
- Internal nickel chromium alloy valve
- Four individual ports
- Includes stainless-steel inlet and outlet flanges
- Includes all necessary clamps for installation
- Compatible with most aftermarket boost controllers for ease of use
- Warranted against manufacturer defects

PROFORM PARTS (SPECIALTY AUTO PARTS U.S.A., INC.)

proformparts.com | 586-774-2500

LIGHTNING-BOLT 100 AMP MINI-ALTERNATOR; 10SI MOUNT (PART# 66437)

- Generates 80+ amps at idle; 100+ amps at top end
- 40% lighter than a 10SI: 7 lbs.
- 10si Direct Swap Billet aluminum adapter for 10SI mount (6.61-inch center-on-center)
- Perfect for drag strips and streets
- 12-volt, one-wire hookup
- V-belt pulley included; 5, 6, & 7 groove sold separately

SLIM-FIT RADIATOR SYSTEM DIRECT-FIT SERIES; 1964-1966 MUSTANG

- Slim-Fit Radiator System for 1964-1966 Mustangs
- Patented overflow tube with billet filler neck, tucked away for a sleek appearance
- Radiator + shroud + fan = under 4-inches thick
- Up to 40% thinner design than standard radiator/fan combo
- Hybrid extruded tube core tech with engineered louvers
- Pre-assembled: shroud, fan, adjustable thermostat
- Automatic and manual transmission models

WEDGE-LOCKING HEADER BOLTS; NICKEL PLATED FINISH

- Grade 8 Bolt's washers grip bolt head and header, creating wedge-locking action
- Vibration strengthens tension
- Bolt can be untightened, lubricated, and reused

PROFORM RACE SERIES CIRCLE TRACK CARBURETORS

- Circle track applications for gas, alcohol, & V8
- Features PROFORM's Next Gen high-flow carburetor main body, billet metering blocks, throttle baseplate
- Aluminum fuel bowl with sight-glass windows
- Dual pattern mount; dual-inlet with mechanical secondaries

REMFLX

remflex.com | 866-641-SEAL

PN 2008

- Remflex exhaust gasket set
- Fits GM LS engines with 1 7/8-inch round port
- Including 5.3L – 6.2L LS1, LS2, LS3, LS6 and L99
- Also 4.8L – 6.0L truck and Hummer
- Easy, drop-in installation
- Lowers exhaust gas temperatures

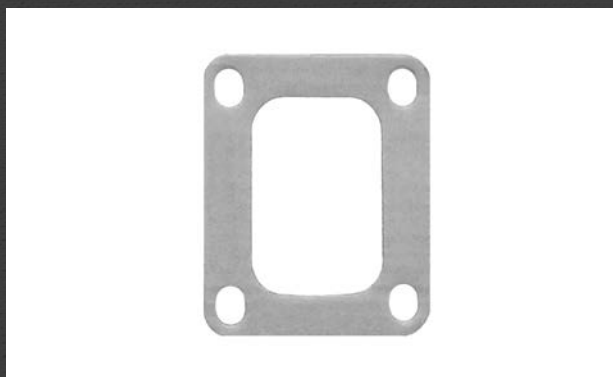

PN 6022

- Remflex exhaust gasket set
- Mopar V8 Hemi 5.7L (2009 & up)
- 6.1L (2005–2010)
- 6.4L (2012–2016) with oval/D-shaped port measuring 1-15/16 x 1-3/8 inch

PN 7009

- Remflex combination intake and exhaust for Toyota engines
- Fits L6 3.9L "F" (1969–1974)
- 4.2L "2F" (1975–1987)
- Stock-port Toyota Land Cruiser engine codes (F,2F)
- Heat riser and EGR gaskets Included
- Six-piece set

PN 18-006

- Remflex Turbo HD Inlet Gasket
- Fits Garrett, Greddy T4 inlet
- Four-bolt, turbo inlet/up-pipe gasket with open plenum
- 3- x 2-inch square
- Four elongated bolt holes
- Bolt spacing 3.250-inch on long side, 2.750-inch short side

MAHLE means performance.

Supporting the world's most powerful motorsports!

Across America, the drive to be the best perseveres in every person that dons a helmet and straps into the driver's seat.

That driver has enough to worry about in the few seconds of a run to think about whether his engine will make it the length of the track. The best engine builders trust only MAHLE products to perform every time. Drivers can focus from whether their engine is going to function correctly to putting up another "full pull".

MAHLE celebrates all of our partners in performance excellence – Team MAHLE. Loyal MAHLE supporters are encouraged to add a #TEAMMAHLE to highlight achievements on any track across all motorsports including sled pulling.

Visit us at PRI, booth# 1601 and check out our technical seminar on the schedule under PRI Education.

FORD POWER STROKE PERFORMANCE VALVES & SPRINGS

- Bimetallic design to improve overall durability
- Fully machined nitride austenitic material
- 6.0L, 6.4L and 7.3L
- Performance springs available for 6.0L and 6.4L
- Closed Pressure 84 @1.880
- Opened Pressure 230 @1.440

GM DURAMAX PERFORMANCE VALVES & SPRINGS

- Bimetallic design to improve overall durability
- Fully machined nitride austenitic material
- 6.6L 2001–2016 Duramax intake and exhaust performance valves application
- Nitride finish on performance springs increase creep resistance
- Closed Pressure 115 @1.614
- Opened Pressure 250 @1.064

CUMMINS PERFORMANCE VALVES & SPRINGS

- Bimetallic design to improve overall durability
- Fully machined nitride austenitic material
- Performance valves for 5.9L 12V, 5.9L 24V & 6.7L 24V
- Nitride finish on performance springs increase creep resistance
- Fits 5.9L ISB 24V & 6.7L ISB 24V
- Closed Pressure 110 @1.360
- Opened Pressure 159 @1.060

GM LS ROCKER ARMS

- Manufactured using a high-grade case steel with a captive bearing design. Eliminates factory bearing and powdered metal trunnion
- Stock and high-horsepower application

STAINLESS HEADERS MFG.

stainlessheaders.com | 800-290-3920

STAINLESS ZOOMIE HEADER KIT FOR BAE HEMI

- Complete fabricator's kit for building Zoomie headers on BAE 6x8X oval port heads
- Available in 2 3/8 or 2 1/2-inch OD, with 16ga or 18ga 304 stainless steel
- Optional upgrades include: CP2 Titanium upgrade (>50% weight savings), O2 sniffer kits, EGT sensor bungs, and even mirror polishing

BIG BLOCK CHEVY HEADER BUILD KIT

- Available in 1 7/8-inch through 2 1/2-inch OD tube sizes
- Mild steel or 16ga 304ss
- Each kit comes with everything you need to build your own custom big block headers
- The best upgrade choice is our Performance Slip On Merge Collectors, drastically reduce build time and improve engine performance

OVAL LOW PROFILE MUFFLER

- Built for ground clearance without sacrificing performance
- Available in open chamber or three-chamber configurations
- We can custom build these for each individual's needs
- Offered with or without flanges, and different offsets are available
- Max height of only 4 inches means these are great for any build

TITANIUM 4-1 MERGE COLLECTOR

- Hand-crafted to meet each engine application
- Slip-on Performance collectors w/ built-in merge spikes
- The .050-inch CP2 Titanium construction means over 50% weight reduction from stainless
- Higher strength and excellent durability make these a must-have for performance headers

TURBOSMART

turbosmart.com | 909-476-2570

TS-1 / TS-2 PERFORMANCE TURBOCHARGERS

- TS-1 oil cooled turbochargers
- TS-2 water cooled turbochargers
- V-Band, various T3 and T4 flange options
- Reverse rotation (selected sizes)
- Various AR's options
- Internal and external wastegate options available

STRAIGHTGATE76 3-INCH ELECTRONIC BUTTERFLY STYLE EXTERNAL WASTEGATE

- Zero-offset butterfly-style wastegate
- 76-mm (2.99-inch) butterfly-style zero-offset valve
- 723.7 CFM / 20.49m³ per minute flow
- Stainless steel (630) butterfly and shaft
- Stainless steel (347) main body
- Stainless steel (heat-treated 431) V-band clamps
- 360-degree mounting options on V-Band
- Clock-able actuator position (3 x 120 deg. options)

BOOSTGATE50 CHARGE AIR CONTROL VALVE

- Electronically controlled butterfly-style valve designed for charge pipe boost control
- Manufactured from billet aluminum for reduced mass
- Charge air control
- 50-mm (1.97-inch) butterfly-style zero-offset valve
- 383.9 CFM / 10.87m³ per minute flow
- Stainless steel (630) butterfly and shaft
- Billet aluminum main body

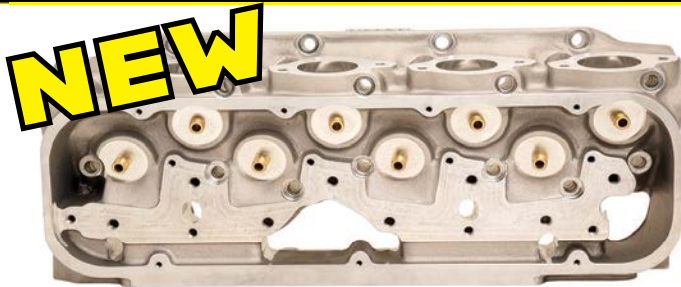

PROOPR RISING RATE OIL PRESSURE REGULATOR

- Rising rate oil pressure regulator for turbochargers
- Boost referenced, not unlike a fuel pressure regulator, and allows lower oil pressure at lower boost pressures and increases oil supply pressure to the bearing system at higher boost levels
- For large turbocharger systems and high-boost levels where additional pressure and confidence is required at high boost, high shaft speed, and horsepower levels
- Aluminum (6262 T6) anodized body and valve
- 1 x 1/8 NPT sensor / gauge port; 1 x 1/8 NPT boost reference port

2024 NEW PRODUCTS

BP BR X 18™

With the introduction of the NEW BP BR X 18™, BRODIX® has once again set the standard in the big block Chevy compatible market. Inspired by Pro Stock technology, the BP BR X 18 far outshines all others in its class. This head features a NEW 18° valve angle, designed to produce the maximum amount of torque and horsepower, in a conventional package. The intake port is raised .900 and amazingly flows over 535 cfm with a 2.500 valve! The exhaust port flows over 340 cfm through only a 1.830 valve! This head also has an extremely efficient 93 cc combustion chamber that is nitrous friendly. This head requires pistons, valve covers, shaft rockers, and an intake manifold specifically designed for the BP BR X 18. As always, these NEW heads come standard with all of the fine qualities that only BRODIX has to offer.

- Most Powerful Conventional Head on the Market
- 18° Valve Angle
- Intake Port Flows Over 535 cfm
- Exhaust Port Flows Over 340 cfm
- 2.500 / 1.830 Valve Sizes
- 100% CNC Ported
- Toughest Castings in the Business

NEW HD™ Sprint Block

HD™ 410 Sprint Block

8B 1000 HD™ / 8B 1050 HD™

- 8B 1000 HD: 400 Main / 4.125 Bore
- 8B 1050 HD: 350 Main / 4.125 Bore
- New Front Scavenge Location Eliminates the Need for External Tubes to Scavenge Entire Valley
- Front Oil Pressure Feed
- Fully Lightened

AFCO RACING PRODUCTS

afcoracing.com | 800-632-2320

NEW AFCO 81 SERIES STOCK MOUNT GM FRONT AND REAR SHOCKS

- Designed for Southern Sport Mod, hobby stock, and street stock cars
- The new large body front shocks feature a newly designed 44-mm piston to reduce fade and minimize heat buildup. Multiple piston options are available
- Shorter front shocks allow lowering the front end of the car, improving stability and control

NEW AFCO 94 SERIES SHOCKS

- Addressing a clear need for a specialized base valve non-bulb shock that caters to the unique requirements of the stock car, sport mod, and B-mod shock tuner market
- Removable base valve for greater ease of tuning and customization
- Internal base valve design that allows the shock to run at a lower gas pressure
- Fully approved and legal for use in all sanctioning bodies

AFCO 1979-2014 MUSTANG DRAG STRUTS

- Fully independent compression and rebound adjustments for tailored performance
- Double-adjustable design for meticulous chassis tuning, click-by-click
- 35-mm piston diameter

AFCO TERMINATOR SPINDLE MOUNT STRUTS

- 46-mm monotube piston. Detent-metered adjustments ensure spot-on accuracy
- Three lengths cater to virtually all ride heights, fitting various chassis applications seamlessly
- Ideal for "No Prep" racing, "extra travel" models ensure better weight transfer for improved traction on challenging surfaces

ANDERSON COMPOSITES

andersoncomposites.com | 626-333-7024

TYPE-CR DRY CARBON FIBER HOOD FOR 2015–2020 FORD SHELBY GT350 & GT350R

- Track day inspired, improved heat extraction vent design
- Center vent measures 20" w x 23" l, side vents measure 8" w x 16" l
- Autoclave process with pre-preg 3K, 2x2 twill carbon fiber cloth, matte finish
- Weight savings, hood weight 20.8 lbs. (stock hood weighs 31 lbs.)

TYPE-OE DRY CARBON FIBER DOORS FOR 2015–2023 FORD MUSTANG

- Autoclave process with pre-preg 3K, 2x2 twill carbon fiber cloth, matte finish
- Doors include locations for factory glass, interior and accessories
- Weight savings, door weight 11.8 lbs. each (stock doors weigh 46 lbs. each)
- P/N AC-DD15FDMU-DRY

TYPE-OE DOUBLE-SIDED DRY CARBON FIBER HOOD WITH HOOD INSERT FOR 2017–2023 CHEVROLET CAMARO ZL1

- Dry carbon "skeleton" bonded to underside of dry carbon hood—reduced weight
- Autoclave process with pre-preg 3K, 2x2 twill carbon fiber cloth, matte finish
- Weight savings, hood weight 18.2 lbs. (stock hood weighs 32 lbs.)
- P/N AC-HD17CHCAMZL-OE-DRY

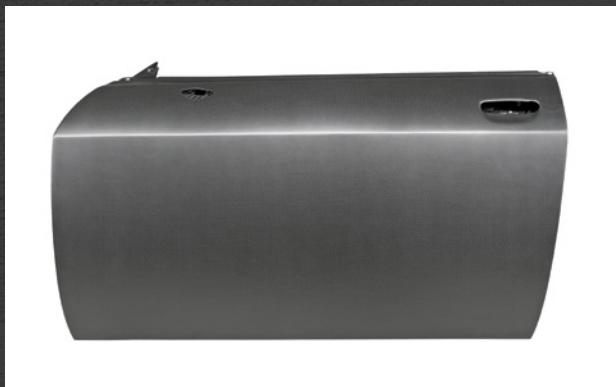

TYPE-OE DRY CARBON DECKLID FOR 2014–2015 CHEVROLET CAMARO

- Supports OEM style wings/spoilers
- Autoclave process with pre-preg 3K, 2x2 twill carbon fiber cloth, matte finish
- Weight savings, deck lid weight 7.2 lbs. (stock decklid weighs 21 lbs.)
- P/N AC-TL14CHCAM-OE-DRY

ANDERSON COMPOSITES

andersoncomposites.com | 626-333-7024

TYPE-OE DRY CARBON FIBER DOORS FOR 2015–2023 DODGE CHALLENGER

- Autoclave process with pre-preg 3K, 2x2 twill carbon fiber cloth, matte finish
- Doors include locations for factory glass, interior, and accessories
- Weight savings, door weight 12 lbs. each (stock doors weigh 50 lbs. each)
- P/N AC-DD0910DGCH-DRY

TYPE-OE DRY CARBON ROOF REPLACEMENT FOR 2008–2023 DODGE CHALLENGER

- Carbon fiber roof replacement, steel roof must be removed
- Autoclave process with pre-preg 3K, 2x2 twill carbon fiber cloth, matte finish
- Weight savings, roof weight 9.9 lbs. (stock roof weighs 24 lbs.)
- P/N AC-CR0910DGCH-DRY

TYPE-GT DRY CARBON FIBER HOOD FOR 2020–2023 CHEVROLET C8

- Endurance racing inspired vents, open to non-trunk area under hood
- Autoclave process with pre-preg 3K, 2x2 twill carbon fiber cloth, matte finish
- Weight savings, hood weight 9 lbs. (stock hood weighs 15.7 lbs.)
- P/N AC-HD20CHC8-GT-DRY

DRY CARBON FIBER REAR HATCH FOR 2020–2023 CHEVROLET CORVETTE C8 COUPE

- Mounts with OE hardware, glass not included
- Autoclave process with pre-preg 3K, 2x2 twill carbon fiber cloth, matte finish
- Weight savings, rear hatch weight 23.7 lbs. (stock hatch weighs 41.3 lbs.)
- P/N AC-TL20CHC8-DRY

AUTOMATIC TRANSMISSION DESIGN

autotransdesign.com | 262-251-7777

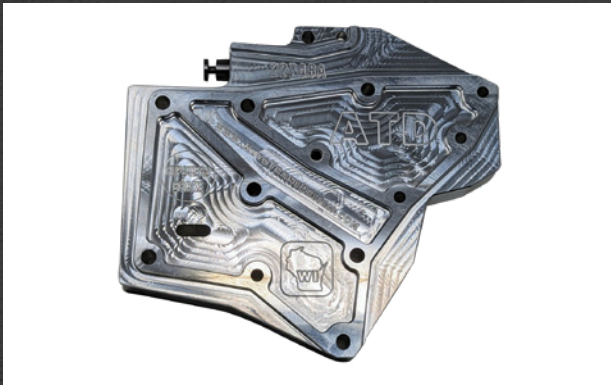

T400 BILLET REVERSE MANUAL VALVE BODY WITH TRUE SAFE NEUTRAL

- All-new true safe neutral circuitry prevents failure from direct drum overspeed
- Non-transbrake design for the ultimate in foot-brake class competition
- Low band apply and 1-2 shift accumulation for the best in transmission durability without sacrificing shift feel or timing

T400 BILLET 2-SPEED TRANSBRAKE WITH TRUE SAFE NEUTRAL

- Two-speed Powerglide pattern for Turbo 400
- True safe neutral circuitry prevents failure from direct drum overspeed
- Fast external transbrake circuitry you can rely on from a Hipster Brake
- Low gear uses planetary second-gear ratio, high gear is 1:1

T400 BILLET TRANSBRAKE WITH ENGINE BRAKING

- Designed for drag-and-drive events
- Can be 3-2 downshifted safely
- Lightning-fast external transbrake circuitry
- Utilizes intermediate band for second-gear engine braking
- "Have your brake and drive it too!"

NEW BILLET TURBO 350 VALVE BODIES

- All-new lineup of billet aluminum Turbo 350 valve bodies is coming
- Transbrake, reverse manual, and reverse manual with engine braking models
- Featuring adjustable pressure regulation and improve filter pickup location
- Be among the first to see them at Booth 732
- Made in-house in the USA

CALVERT RACING

calvertracing.com | 661-728-9600

CALTRACS

- Patented Traction Bar system, axle above or below springs
- Hooks your vehicle, especially on hard acceleration
- Improves 60-foot times and consistency
- Keeps axle from rotating, maintains pinion angle
- Low-profile, racing, Monster configurations

CALTRACS TUNING WRENCHES

- Improved, stronger 5/16-inch thick steel
- Stress-tested, resists bending or breaking
- Designed to fit CalTracs jam nuts (1-1/8th socket)
- Sold as a pair to work together for easier torque adjustment
- Angled grip/short length fits in tight spaces

CALVERT RACING TIE DOWN BRACKETS

- Mounts on your CalTracs Rear Mount U-Bolts
- Easily secure the vehicle to hauler or trailer
- 1/4-inch zinc-plated steel resists corrosion or rust
- Available in 45-degree (fits all Standard and 1500 Truck CalTracs)
- 90-degree option also fits S10 CalTracs
- Sold as a pair, does not include straps

CR SERIES REAR SHOCKS

- Nine-way adjustable rear shocks
- Easily accessed external adjustment knob
- Steel twin tube design, heavy-duty 5/8-inch steel shaft
- Once dialed in, controls rear body separation for best traction on hard acceleration
- Keeps tires planted, controls rebound
- Maintain maximum consistency and performance

COKER TIRE

cokertire.com | 800-959-4500

PHOENIX REAR SLICKS

- Medium F9 compound for ultimate traction
- 28 x10.5 sizing for stock suspension drag cars
- Stiff sidewall (PH18S) popular for No Prep racing

M&H REAR SLICKS

- Slicks, drag radials available in many sizes
- New sizes 10.5-inch slicks for 17- and 18-inch wheels
- Popular DOT-approved Front Runner tires in stock

FIRESTONE WIDE OVAL RADIAL

- Proper sizing for 1967 through 1974 muscle cars
- Authentic sidewall markings and tread pattern
- Available in raised white letter and redline

FTI PERFORMANCE

ftiperformance.com | 386-736-5816

FTI POWERGLIDE CASE

- Built with entirely new internal parts – no cores
- FTI billet aluminum trans-brake valve body re-engineered springs, the Powerglide will not creep on the trans-brake
- Different power levels: Level 3 (1,000 HP), Level 4 (1,100 HP), Level 5 (1,500 HP), Level 5.5 (2,200 HP), Level 6 (3,000 HP)
- Powdercoat options: silver, black, black chrome, and carbon fiber

FTI TH400 BELLHOUSING

- Bolt-on aluminum bellhousing for a modified factory case
- Includes bellhousing, eight flange head bolts, one bell to pump gasket, two 1/8-inch plugs, SFI certified tag, and eight sealing rings

FTI 6R80 TORQUE CONVERTERS

- 6R80 Ford from 2011 to 2017
- Triple disc billet performance converter
- 9.5 inches
- Designed to handle boosted, naturally aspirated, and nitrous applications

FTI DIESEL TORQUE CONVERTERS

- Engineered for Cummins, Duramax, and Powerstroke engines
- Single or triple disc converters
- Billet steel covers, billet lock-up pistons, billet stators
- Low or extra low stall configurations

LONGACRE RACING PRODUCTS

longacracing.com | 800-423-3110

NEW LONGACRE ELITE PRO WIRELESS SCALES

- This feature-packed scale system includes a tablet and 15-inch x 15-inch low-profile, internal bridged pads with a sand-coated finish
- Ready to use out of the box with the new and improved Longacre Connect app for Android and iOS, offering free app updates
- Extended Bluetooth connectivity provides increased range in any setting

NEW LONGACRE ELITE WIRED SCALES

- This efficient and convenient scale system includes a control box and 15-inch x 15-inch low-profile, internal bridged pads with a sand-coated finish, ready to use out of the box
- Easily connect your pads to the control box using the included cables and link via Bluetooth to your personal device using the Longacre Connect app
- Control box displays all four wheel weights and cross weight

LONGACRE DIGITAL ELITE WATERPROOF GAUGES

- Engineered for wet and dirty environments, these gauges provide high-quality waterproof sealing and precise measurements with resistance to vibration, heat, and moisture
- Manufactured with IP-66 certified methods to be waterproof, dust tight, and safe against powerful water jets
- Gauges feature LED digital numbers and illuminated dial lights

LONGACRE SPORTSMAN ELITE GAUGES

- Reliable mechanical-style 2 5/8-inch gauges with built-in warning lights
- No external warning lights allows for less wiring and maintenance
- Once the gauge reaches the warning level, the background changes color
- Bright white background with a red needle makes them extremely easy to read
- Two wire hook-up for easy installation
- Legal in all forms of motorsports and classes

MCLEOD RACING

mcleodracing.com | 714-630-2764

MCLEOD BY PTT 7.25" CLUTCH KIT FOR LS

- Road racing, sand buggies, and land speed
- Low moment of inertia (faster acceleration, decreased brake wear on deceleration, quicker shifting)
- Available in 1-, 2-, 3-, or 4-disc configurations

MCLEOD RACING RXT TWIN DISC FOR NISSAN 400Z

- Nissan 400z application
- Handles 1,000 HP
- Ceramic-lined clutch discs will provide smooth engagement with a soft pedal effort

MCLEOD REVERSE MOUNT BELLHOUSING

- Aluminum bellhousing weighs approximately 9 pounds
- To be used with lightweight, button-style flywheels and a starter ring gear mounted on top of clutch
- Advantages: starter is mounted away from the heat of the headers, drivetrain will be mounted lower in the chassis, small overall size of the bellhousing fits in a stock car, and lower the vehicle's polar moment of inertia

MCLEOD BY RAYBESTOS 10R80 PERFORMANCE TRANSMISSION KIT

- One-stop-shop kit for 10R80 (2017 and up)
- GPZ friction clutch pack, steel clutch pack, transmission filter, piston kit, and performance overhaul kit
- Superior sealing capabilities, tighter seals, increased holding capacity, better flow and filtration, and 100% new bands

SILVER SPORT TRANSMISSIONS

shiftsst.com | 865-609-8187

SILVER SPORT GM MAGNUM

- TREMEC's Magnum double-overdrive 6-speed transmission
- 700 lb-ft. of torque with crisp shifts
- 1-1/8 in 26 spline
- GM LS with 2.66 1st or 2.97 1st
- .63 OD or .50 OD

SILVER SPORT STX SHIFTERS

- Bolt-on replacement for the stock shifter or available with shifter relocation kits
- Billet aluminum and steel components
- Double trunion design for high quality and durability
- Compact, short, positive, smooth, and fast

MASTER CYLINDER KITS

- Includes master cylinder, master cylinder mount, reservoir, pedal pushrod, and hardware
- Bore and stroke of master cylinder are .750 inches and 1.4 inches, respectively
- Available for Ford, GM, Chevy, and Mopar

4WD TRANSMISSION KITS

- TREMEC TR-4050 5-speed is geared for rock crawling and off-road lifestyle
- 6.16 1st and 6.03 reverse
- 600 lb-ft torque rating and available in three power level stages
- Kits include transmission, STX shifter, hardware, isolator mount, crossmember, and much more
- Kits available for manual upgrade or auto to manual conversion

SUNCOAST PERFORMANCE

suncoastperformance.com | 850-864-2361

TH400 BILLET TORQUE CONVERTER

- Zero-Drag Lockup Technology for constant oil flow, less parasitic loss, and quicker throttle response
- SunCoast Pro-Loc XL Sprag gives 15% increase in bearing roller surface
- Three-pass design for individual control of the converter circuit
- 7075 T6 billet aluminum plate versus round bar

10R80 BOLT-TOGETHER TORQUE CONVERTER

- Bolt-together design for easily replacing internals
- Zero-Drag Lockup Technology for constant oil flow, less parasitic loss, and quicker throttle response
- SunCoast Pro-Loc XL Sprag gives 15% increase in bearing roller surface
- Three-pass design for individual control of the converter circuit

SUNCOAST 10L90 TORQUE CONVERTER

- Bolt-together design for easily replacing internals
- Zero-Drag Lockup Technology for constant oil flow, less parasitic loss, and quicker throttle response
- SunCoast Pro-Loc XL Sprag gives 15% increase in bearing roller surface
- Three-pass design for individual control of the converter circuit

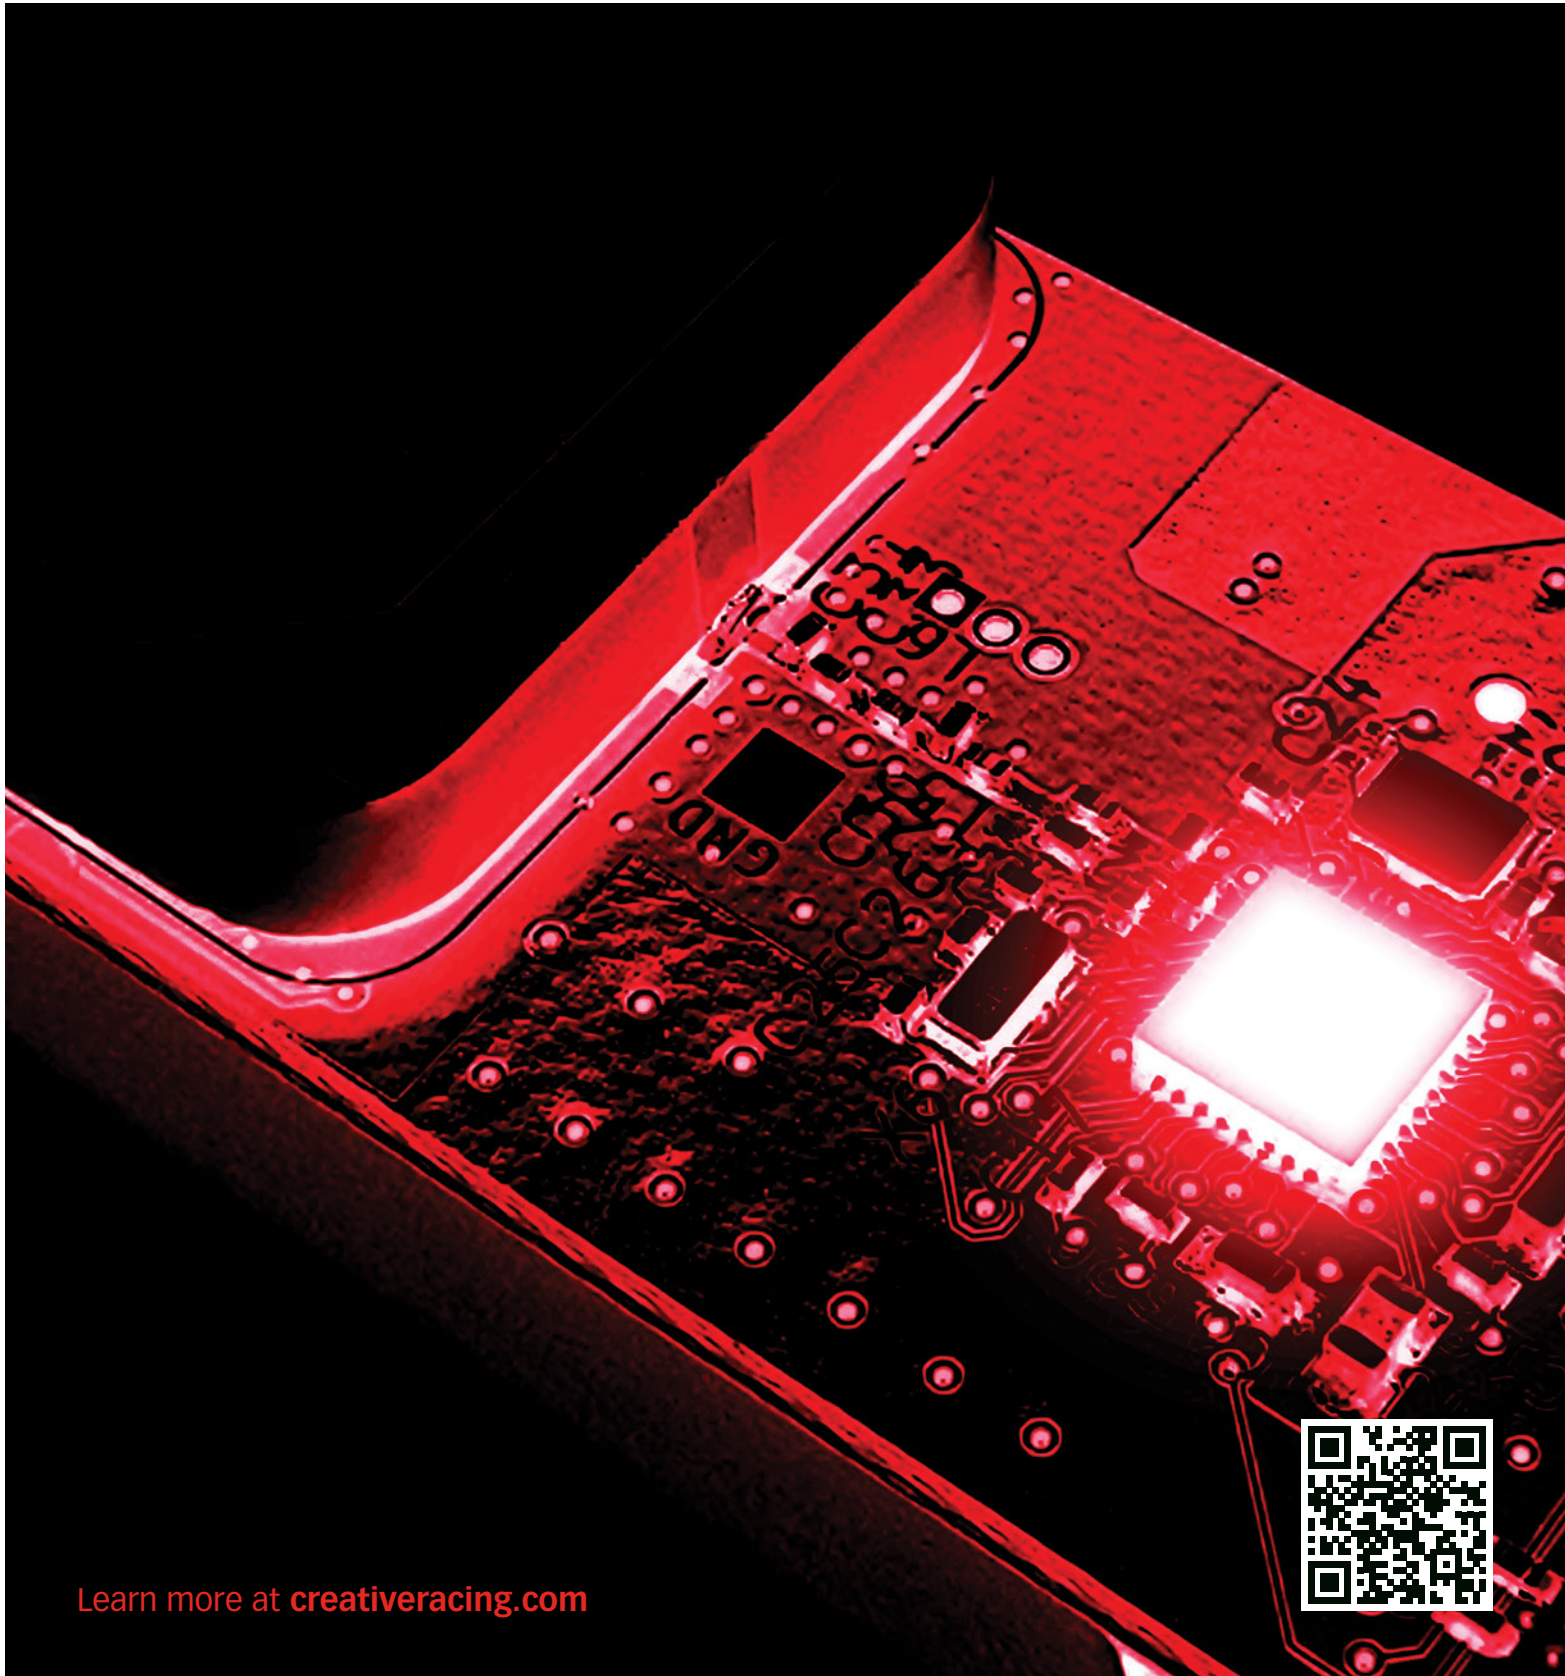

8HP70/90 SNAKE CHARMER

- Manufactured and tested in-house at SunCoast
- Has been 5.83 in the 1/8 and 9.09 at 149 in a 2018 Hellcat using the 8HP90 platform
- Both the 8HP80 and 8HP90 torque converters are available in a variety of stall speeds

Wireless. Accurate to 0.1 lb. Traceable through NIST.

Convert any scale system to Bluetooth® with our custom board integration.

- IP65 and/or IP67 levels of ingress protection

G2 AND G3 PRESSURE TRANSDUCERS

- G2: Field-proven sensor; all stainless-steel wetted materials provide excellent overpressure capability and durability
- G3: All 316L stainless steel wetted materials for installations in pressures as low as 100 in. H2O
- Both G2 and G3 highly configurable with wide selection of pressure connections, outputs, and electrical terminations

GV PRESSURE TRANSDUCER

- All-welded sensor and pressure connection designed for high vibration applications
- Field-proven polysilicon thin-film pressure sensor provides excellent overpressure capability and outstanding durability despite substantial shock and vibration
- Highly configurable with wide selection of pressure connections and electrical terminations

DG25 DIGITAL PRESSURE GAUGE

- All-welded sensor and pressure connection provide reliable vehicle support in pit lane
- Available in a wide variety of pressure ranges, connections and optional features, including backlit display and rubber protection boot
- Provides menu-driven features including unit select, min/max hold and dampening

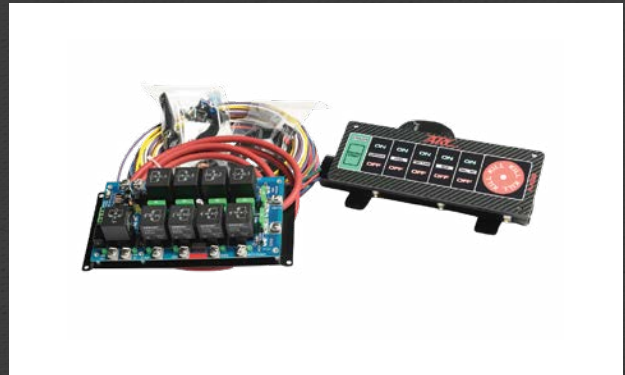

AUTOROD CORPORATION

autorod.net | 732-851-5095

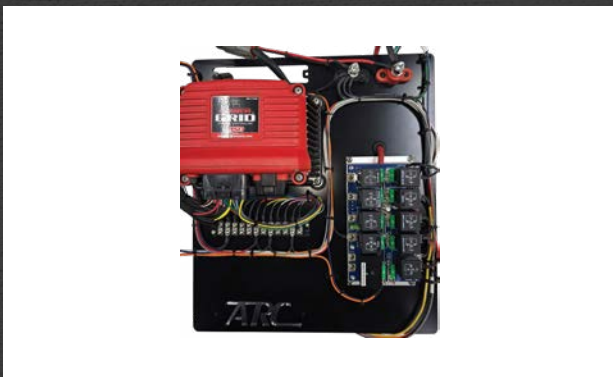

SENSOR INTEGRATION MODULE - ECU

- Simplify EFI sensor wiring for up to eight sensors
- The ARC SIM-8 allows eight sensors to be wired neatly back to the ECU as well as providing sensor power and ground

6001Z

- Our latest control module
- 40 AMP replaceable relays
- Separate fuses for each circuit
- Super bright LED for open cockpit cars
- 6-second computer shutoff delay
- Dedicated computer circuit
- Automatic low oil pressure shutdown
- Built-in neutral safety circuit
- Built-in bump start button circuit
- Built-in LED interior lights

PRE-WIRED ELECTRICAL PANELS

- Take all the guessing out of building an electrical panel for your race car
- Through years of experience, we offer CAD-designed panels built for your car and for all the electronics that you need mounted
- This panel is wired to the point of installation in the car. All connections are made on the panel when it ships
- We also sell just a panel with no wiring

SENSOR INTEGRATION MODULE - ECU

- Simplify EFI sensor wiring for up to eight sensors
- The ARC SIM-8 allows eight sensors to be wired neatly back to the ECU as well as providing sensor power and ground
- This unit includes four ground triggered relays

DESIGN ENGINEERING, INC.

designengineering.com | 440-930-7940

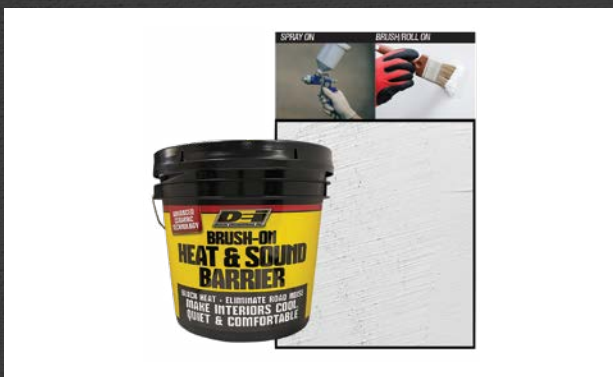

GEN3 TURBO SHIELD

- Best turbo shield on the market
- Advanced textiles, and diving deep into what is needed to control turbo heat
- Silicone-coated outer layer
- Multiple stainless-steel and silica inner layers
- Stainless-steel mesh inner lining to prevent shield becoming brittle
- Strongest, most durable and most heat-resistant shield available

RFI BLOCKER SPLIT LINE SLEEVE

- Split-design self-closing shielding sleeving designed for high-performance EMI shielding of wire and cable bundles
- Reduces EMI and RFI interference that is common around automotive ignition systems
- Includes 17.5-inch grounding strap
- Sold in 3-foot lengths

THERMAL & ACOUSTIC PAINT ON BARRIER

- High-tech paint-on thermal barrier
- Brush-on, roll-on or spray-on
- Creates thermal barrier on floors, walls and more
- Has acoustic properties and improves interior sound
- Environmentally friendly formula
- Comes in one-gallon pail

EV FIRE BLANKET

- Safety cover for Lipo battery fires
- Gives time to remove driver and protects safety workers
- No burn through for 30 minutes
- EV Lipo battery barrier—use between battery and vehicle
- Four hand holds and measures 46.5 x 46.5 inches

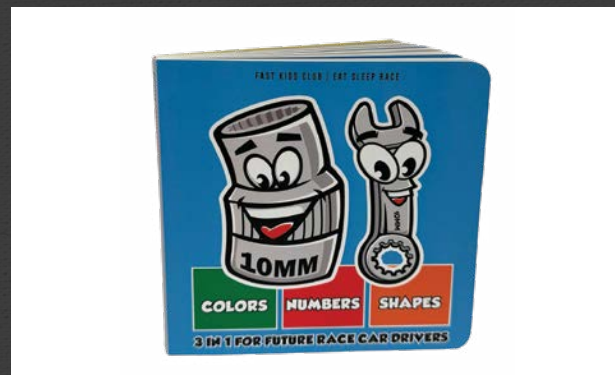

EAT SLEEP RACE

eatsleeprace.com | 732-921-4547

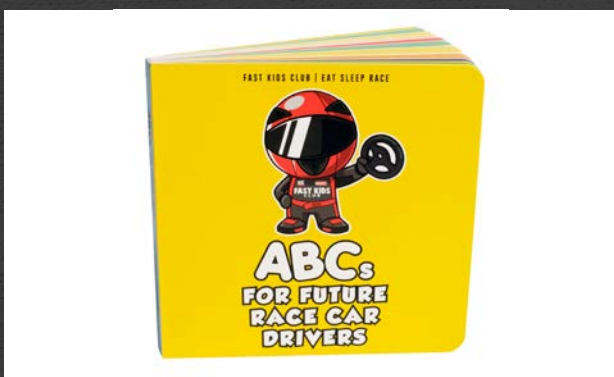

FUTURE RACE CAR DRIVER BOOKS: BOX SET

- This set includes all three award-winning board books for future racers
- Included: ABC Book For Future Race Car Drivers, 123 Count with Car Parts Book, and Colors Book For Future Race Car Drivers
- Free bonus: 4- x 4-inch "Future Racer On Board" car decal

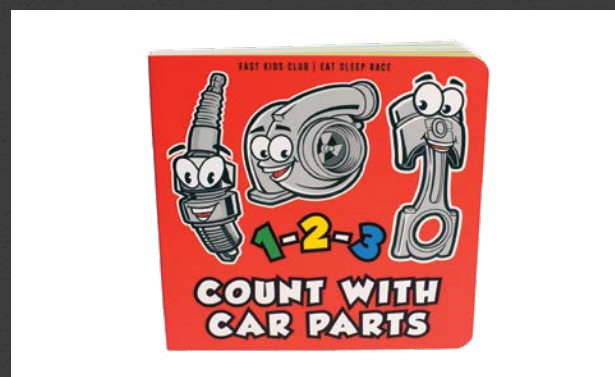

COLORS - NUMBERS - SHAPES: 3-IN-1 FOR FUTURE RACE CAR DRIVERS BOARD BOOK

- Teach colors, numbers, and shapes and encourage learning with our board book full of auto related illustrations

ABCs FOR FUTURE RACE CAR DRIVERS BOARD BOOK

- Award-winning board book
- Teach the ABCs and encourage learning with auto related illustrations

1-2-3 COUNT WITH CAR PARTS BOARD BOOK

- Award-winning board book
- Teach to count and encourage learning with auto related illustrations

ELITE TUNED SCHOOL

elitetunedschool.com | 727-741-2637

INTRODUCTION TO EFI TUNING

- This course focuses in on all the fundamentals of electronic fuel injection (EFI)
- You'll learn what is required to tune vehicles and begin to learn basic concepts surrounding tuning directly from industry-leading professionals
- Learn what software is necessary, how to download/install it, and how to begin working with your scanner

GM GEN 5 ADVANCED COURSE

- This course focuses on the LT1/LT4 advanced engine settings for E92/E92A ECUs
- Some important topics covered are advanced spark strategies, virtual torque manipulation, race fuels (including E85/C16/MS109), advanced fuel systems (including secondary port injection/DI pumps/SOI/EOI), what to look for when logging, and how to make it all work

FORD S550

- Uncover the secrets of the S550 platform with 46 videos and over 11 hours of content
- This course covers the Coyote, GT500, and GT350 from basic all the way to advanced strategies
- The most comprehensive and all-inclusive Ford course to ever be built

ELITE TUNED SCHOOL HP TUNERS MASTERCLASS

- Interested in learning how to tune using the HP Tuners software?
- Elite Tuned School's 6-week Tuning Masterclass offered exclusively through the University of Northwestern Ohio teaches you to master the fundamentals of tuning principles (including fuel, air, and spark), and learn to build/modify tune files for maximum power and efficiency dampening

H-P PRODUCTS

h-pproducts.com | 330-875-5556

CUSTOM BENDS

- Our custom bends are made-to-order based on customer needs and specifications
- Whether it's compound bending, tight-radius, one or multi-dimensional
- Bending capabilities range from 5/8-inch OD through 6-inch OD tubing utilizing CNC Rotary Draw bending, and through 10-inch OD using NC Rotary Draw bending

METAL ELBOWS

- Available and readily stocked in various material types, diameters, and degrees of bends (30°, 45°, 60°, 90°) with custom tangents available on request

WELDED FABRICATIONS

- Available and readily stocked in various material types, diameters, and configurations such as laterals, WYEs, TEEs, Ys, and more

CUSTOM TUBE FABRICATIONS

- Our made-to-order tube fabrications can include bending, end forming, laser cutting, and welding in order to meet customer needs and specifications

MAXIMA RACING OILS

maximausa.com | 619-449-5000

STEP 1: ASSEMBLY LUBE

- Lubricant designed to form a durable protective film on moving components
- Formulated with 2X Zinc anti-wear system that activates at both high and low temperatures
- Prevents metal-to-metal contact after startup
- Non-foaming formulation easily dissolves into both mineral and synthetic oils

STEP 2: ASSEMBLY GREASE

- High-performance assembly grease that excels in a multitude of heavy- and light-duty applications
- Unique calcium sulfonate complex soap thickener combines with a proprietary additive system to deliver thermal stability and extreme pressure performance
- Oil-soluble formulation won't clog filters and provides protection against corrosion, water washout, and wear

STEP 3: PERFORMANCE BREAK-IN OIL

- Mineral-based engine oil specifically formulated for breaking in engines with flat tappet camshafts, roller elements, and where maximum anti-wear performance is needed
- High ZDDP formulation combines the highest quality mineral base stocks with a shear-stable polymer system to provide fast and effective ring seal
- Proprietary additive system utilizes a complex, low temperature activating 2X Zinc system that ensures immediate and lasting protection

STEP 4: CHOOSE YOUR LEVEL OF PERFORMANCE

- Mineral-based engine oil developed formulation utilizes a 2X Zinc system combined with stay-in-place chemistry for protection during every run
- Semi-synthetic, ester-based engine oil designed to ensure optimum protection and peak performance for race and hot rod engines
- Full-synthetic, triple ester racing engine oil designed to ensure maximum performance while providing maximum protection under the most severe conditions

METALLOID CORPORATION

metalloidcorp.com | 269-503-7300

METCOR 57

- Solvent-based corrosion preventative
- Offers long-term indoor protection and is fast drying, water displacing and non-staining
- Deposited dry film 'seals off' metal surfaces from moisture and humidity on contact
- Ideally suited to protect corrosive-sensitive metals and alloys

ACCROLUBE HIGH-TEMPERATURE POLYUREA GREASE

- Effectively lubricates at temperatures as low as -50-degree F to over 600-degree F
- Provides extended protection against rust in moist environments and won't migrate from hot surfaces
- Reduces or eliminates maintenance downtime periods
- No mess or contamination
- Can reduce grease inventory

METALLOID1 BRAKE/PARTS CLEANER

- Ultra-fast drying, no residue, cleaning solvent intended to degrease any non-painted metal surface
- Instantly removes oil, dirt build-up, varnish, sludge, grease and brake fluid
- Contains no chlorinated solvents and is 50-state compliant
- Powerful spray breaks through even the toughest deposits

METALLOID1 BIOWELD ANTI-SPATTER SPRAY

- Reduces downtime due to spatter build-up and provides instant shielding action
- Will not affect surfaces to be painted
- Highly heat resistant
- Applied as directed, this spatter inhibitor is flow proof and will not spread beyond the point of impact

PERFORMANCE PLUS GLOBAL LOGISTICS

pplusglobal.com | 636-946-7587

LOGISTIC SOLUTIONS

- Official logistics partner of the performance industry
- We manage logistics needs of customers with the highest quality service at competitive prices
- Performance Plus mission is to exceed customer expectations by providing 'Best in Class' custom solutions
- We provide each customer with a dedicated professional with experience in performance and transportation

POLYDYN PERFORMANCE COATINGS

polydyn.com | 800-765-9396

POLYDYN PISTON SKIRT COATINGS

- We offer three different piston skirt coatings:
- RP – Composite polymer coating that holds oil
- PD14 Silver – Reduces friction in Alusil motors
- PD52G – Reduces galling in extreme pressure engines

POLYDYN PISTON TOP COATINGS

- We offer two different piston top coatings:
- Gold and titanium
- Protects piston structural integrity
- Enhances flame propagation

POLYDYN THERMAL CERAMIC COATINGS

- We offer seven different colors
- All rated up to 1,800 degrees
- Insulates for performance enhancement
- Protects against corrosion
- Recommended for exhaust systems, turbos, restoration, and hot rods

POLYDYN BEARING COATINGS

- We offer two different bearing coatings: DL & PD
- Both DL and PD have properties that attracts oil to the coated surface

RACELOGIC

vboxmotorsport.com | 248-994-9050

VBOX MOTORSPORT

VBOX VIDEO HD2

- System consists of dual 1080p cameras, allowing for a main view with embedded picture-in-picture
- HDMI socket allows for connection to live streaming device—ideal for engineers, driver coaches, sponsors, social media and TV broadcasting
- Customizable graphics overlaid in real-time
- GNSS data and up to 80 CAN channels recorded for analysis

VBOX HD LITE

- All-in-one video data-logging system for motorsport
- Records 1080p HD video with fully synchronized GNSS data
- Device starts and stops logging on its own, based on vehicle movement
- GNSS data and up to 8 CAN channels are recorded with the video
- Allows in-depth analysis via our Circuit Tools software

VBOX PIT LANE TIMER

- VBOX Pit Lane Timer takes the guesswork out of pit-stop periods during an endurance race
- Helps to avoid pit-stop penalties, minimizes time lost in the pits
- Prompts when to leave the pit box, and warns driver if they're likely to cross the line too early
- Fully configurable

VBOX TIRE TEMPERATURE MONITORING SYSTEM

- Enables teams to fine-tune the car and manage tires
- Each sensor measures up to 16 points across the tire surface with a temperature range of -4 to 1,724 degrees F
- Can be supplied as sensors and wiring loom for connection to VBOX Video HD2
- With VBOX Touch, live display can be seen by the driver in the most severe conditions

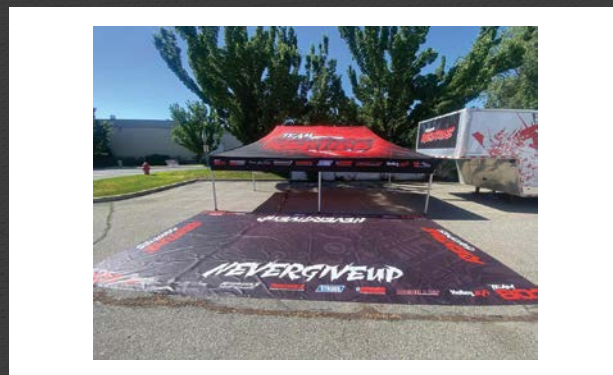

REDTIDE CANOPIES

redtidecanopies.com | 888-616-3611

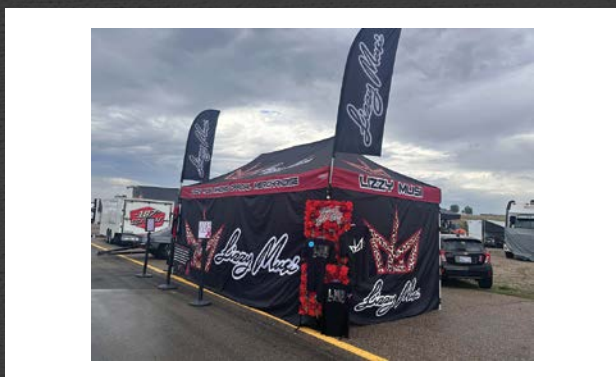

SFI, FIA, CIK RACING SUITS

- Built-in arm restraints
- Custom designs
- Custom colors
- Pockets in the jackets on two-piece suits
- 360 radial arm gussets
- Gussets between the legs for better fit
- Euro back gussets in the one-piece suits
- Best embroidery

CUSTOM PIT MATS

- Custom printed pit mats
- Available for racers, car show events, etc.
- Can reduce grease inventory

POP-UP TENT ENCLOSURE KITS

- Our tent kits are now even better, thanks to our new enclosure kits
- Walls are available with PVC windows
- Mesh or solid for extra privacy when working on race car
- Also protect merchandise at multi-day events

CREW APPAREL

- Custom designed and dye sublimated crew apparel for all forms of motorsports and business
- We produce everything, including full-color printed T-shirts, polo shirts, button-up shirts, pull-over hoodies, zip-up hoodies and long-sleeve track jackets

SCHAEFFER'S SPECIALIZED LUBRICANTS

schaefferoil.com | 800-325-9962

MICRON MOLY RACING OIL 10W-30 – NEW!

- Resists separating from alcohol-based fuels
- Extra zinc to protect flat-tappet cam engines and other components from wear
- Extra protection for when engines are operating at higher temperatures
- Keeps engines clean from harmful debris and buildup
- Reduces oil consumption

MICRON MOLY RACING OIL SAE 70 – NEW!

- Resists separating from alcohol-based fuels
- Extra zinc to protect flat tappet cam engines and other components from wear
- Extra protection for when engines are operating at higher temperatures
- Keeps engines clean from harmful debris and buildup
- Reduces oil consumption

PENETRO 90 PENETRATING OIL

- Excellent on heim joints, wheel studs and weight jack bolts that have become difficult to operate
- Prevents thread stripping, busts through rust
- Projects against corrosion, rust, and abrasive particles
- Frees stuck and rusted parts
- Doesn't affect seal materials or coatings

SUPREME GEAR LUBE 75W-90

- Reduces operating temperatures
- Enhanced thermal and oxidative stability and durability
- Excellent extreme pressure properties to protect against wear
- Enhanced gear, bearing, and seal cleanliness
- Compatibility with all types of seals

THE TUNING SCHOOL

thetuningschool.com | 727-264-8875

GM LS ENGINE COMPLETE TUNING COURSE

- Comprehensive printed and online LS-based learning set
- Processed-based tuning guides you through tuning your LS-powered vehicle
- Learn important concepts like how to tune a MAF, VE, Spark, Idle Control, Fueling and more
- Download the free mobile app for online learning from anywhere

ARTIFICIAL NEURAL NETWORK TRAINER FOR EFI TUNING

- Tunes the Artificial Neural Network found in 2015+ Dodge computers and late model GM vehicles
- Corrects fueling at idle, part, throttle, and wide-open throttle
- Other tools include Dodge and Ford Transmission Calculators
- Subscription based so you can use as much or as little as you like

DODGE HELLCAT COMPLETE TUNING COURSE

- Comprehensive printed and online Hellcat-based learning set
- Processed-based tuning guides you through tuning your Hellcat-powered vehicle
- Learn important concepts like how to tune a Speed Density, ANN, Spark, Idle Control, Fueling and more
- Download the free mobile app for online learning from anywhere

ATLAS BOOST CONTROLLER MAX FOR GM LT TRUCKS USING WHIPPLE SUPERCHARGERS

- Control your Whipple Supercharger's boost like never before
- Eliminate annoying transitional boost surge by controlling how the boost comes in and when
- Control the bypass valve with how fast and by how much the bypass valve opens and closes
- Improves drivability and control for positive displacement blowers

THERMO TEC AUTOMOTIVE

thermotec.com | 800-274-8437

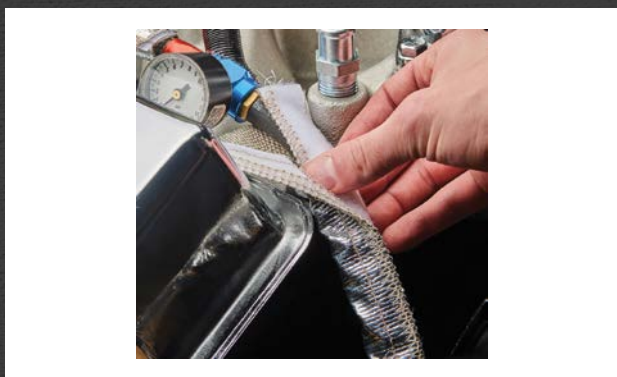

ADHESIVE-BACKED HEAT BARRIER

- Shields components from radiant heat with its aluminized finish and woven silica material
- Handles up to 2000°F of radiant temperature and 300°F of continuous temperature
- Easy to apply on any surface or wrap around hoses and wires for a professional look

ALUMINIZED HEAT BARRIER

- Woven silica with a flexible aluminized finish
- Endures up to 2000°F radiant temperature and 1000°F fabric side
- Easy installation with rivets, backup washers, or adhesive
- Secure with Thermo-Tec's Snap Strap for manifolds or exhaust systems
- Customizable size for a perfect fit

EXPRESS SLEEVE

- Ultimate solution for wire, hose, and cable protection
- With a hook-and-loop closure, it's easy to apply
- Combining high-temperature insulation with a reflective Mylar foil, it reflects over 90% of heat up to 2000°F
- Available in various sizes and lengths
- Made in the USA

EXHAUST WRAP

- Experience more horsepower and reduced under-hood temperatures
- Developed over 30 years ago, it maintains hotter exhaust gases for faster exit and increased scavenging
- Withstands up to 2000°F, asbestos-free, and won't over-insulate thanks to Thermal Conduction Technology (TCT) coating, ensuring optimal heat control

ULTIMATE AWNING

ultimateawning.com | 612-816-9644

TRAILER AWNINGS AND CANOPIES

- Patented connection and shelter system technology
- Protect what you can never get back—time

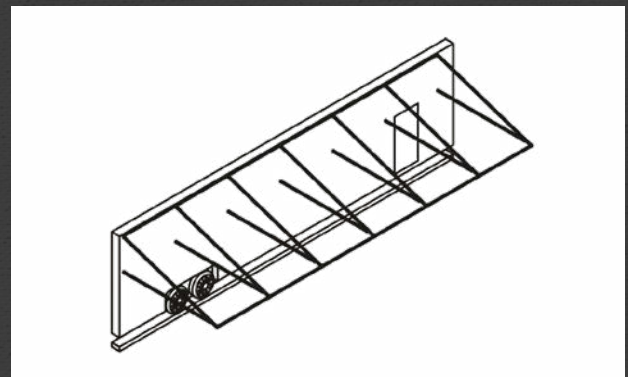

CAM-LOC QUICK CONNECTS

- Stop pulling cables to connect tubes
- Integrated billet aluminum connection technology

ULTI-LOC CONNECTORS

- Stop using quick aligns
- Stop inserting quick pins
- Stop flipping latches
- Integrated billet connection technology

TRAILER AWNINGS AND CANOPIES

- “When your time is valuable”
- Stop pulling cables
- Stop inserting quick pins
- Stop wasting time
- Start using the Ultimate Awning

VP RACING FUELS

vpracingfuels.com | 210-635-7744

SPEED SAUCE PLUS

- 20/80 water-ethanol mix provides 4% more power than methanol-based injection fluids
- Delivers up to 15% more horsepower/torque than stock, with proper tuning
- Get added octane when needed thanks to the ethanol's > 115 octane rating
- 99% renewable, less corrosive, and less toxic than methanol

622 RACING BRAKE FLUID

- Full synthetic formula features a dry boiling point temperature of 622°F
- Resists vapor lock & fade for a better pedal feel
- Gives you the confidence to stop on a dime
- Designed for racing but provides the same trusted performance for street and powersports vehicles

POWERSPORTS 4T & 2T ENGINE OILS

- Advanced formulation provides ultimate lubrication protection, excellent temperature resistance, and wear protection
- Ensures superior performance and reliability in all riding conditions
- Designed for street & off-road bikes and ATVs/UTVs
- 2T oils are available in full and semi-synthetic blends
- 4T oils available in full synthetic, semi-synthetic, and conventional blends

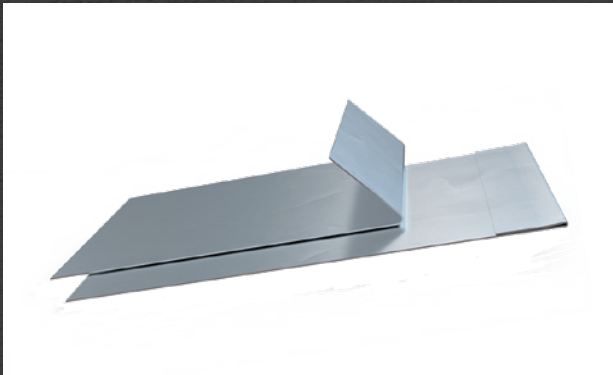

MGP R REG RACE FUEL

- An upgraded moto fuel, offering better performance and detonation protection than VP MGP
- Certified by FIM's official lab. Maximizes all parameters under the FIM fuel rule
- Spec fuel for Moto America starting in 2024

WIELAND PERFORMANCE PRODUCTS

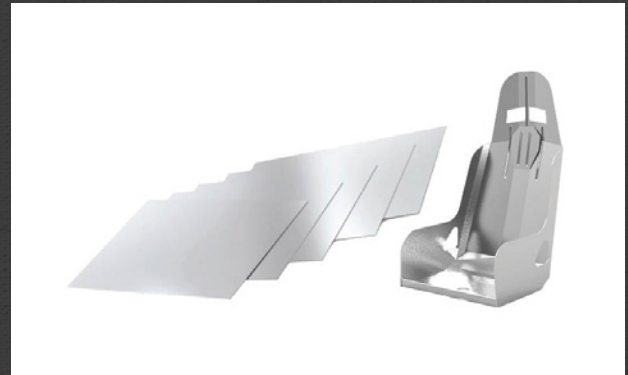

wieland-metalservices.com | 708-385-7000

ALUMINUM SHEETS FOR CAR BODIES AND SPOILERS

- Wieland aluminum sheets are bendable, long lasting, and rust resistant
- Makes them the perfect fit for your racing needs
- Popular racing colors like Ultra White, Black Gloss, Black Matte, Red and Chevron Blue
- Stocked in gauges .040- and .050-inch

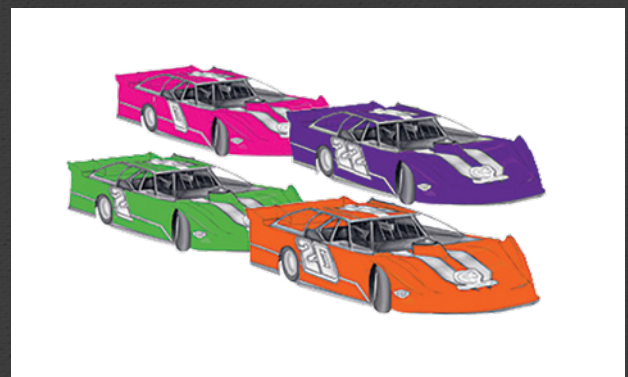

ALUMINUM SHEETS AND COIL FOR RACE CAR SEATS

- Wieland is going inside the vehicle
- After decades of supplying premium car body aluminum sheet, we are proud to stock .080- and .125-inch gauge 5052 aluminum specifically for race car seating

COPPER SHEETS AND COIL FOR GASKETS

- Wieland is under the hood
- We are stocking 110 copper alloy in multiple gauges for header gasket production
- This new and exciting addition expands our performance products line

ALUMINUM SHEET COLOR OPTIONS

- Announcing the Wieland Exotic Series
- Stop by booth 3121 at the PRI Show
- Get acquainted with Bright Orange, Extreme Green, Power Purple, Electric Pink, and other exciting new colors
- Realize your custom look and stand out on the track

WORLDWIDE EXPRESS

wwex.com/pri | 214-720-2400

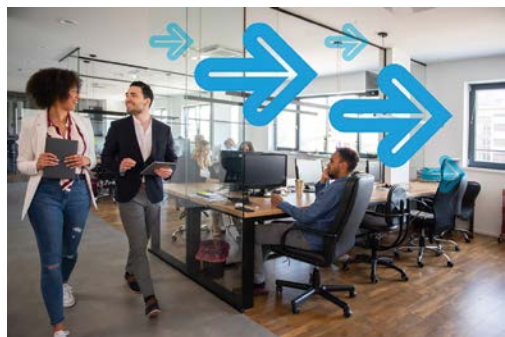

LEADING CARRIER PORTFOLIO

- Comprehensive small package and freight services from the nation's largest UPS Authorized Reseller
- Portfolio of 75+ leading Less-than-Truckload (LTL) and 85,000 Full Truckload carriers, including top names you know such as Estes, XPO, Saia, R+L Carriers, Old Dominion, Forward Air, and more

TAILORED SHIPPING TECHNOLOGY

- Integration-ready, self-service transportation management technology that lets you quote, compare, ship, track and report from either the intuitive SpeedShip interface or your own ERP system
- Ability to plug in to leading e-commerce platforms like Adobe Commerce/Magento, WooCommerce, and Shopify

UNMATCHED CUSTOMER SERVICE

- 500+ support professionals – live, local, and specially trained to support real-time needs and proactively anticipate roadblocks
- Access to flexible invoicing options, market-leading insurance coverage, and one-to-one shipment consultation

TRUSTED TO DELIVER

- Service you can rely on by the Official Logistics Partner of NASCAR, Richmond Raceway, Trackhouse Racing, and Niece Motorsports
- Successfully delivered critical infrastructure for the heart-pounding action of the Busch Light Clash at The Coliseum and the Chicago Street Race Weekend

ACF200 CNC

- CNC boring mill for boring, surfacing, and other operations
- Simple conversational control
- Dual panel touchscreen operator control
- Ballscrew drives and linear slideways
- Three-axis brushless servomotors

RP1400CNC

- CNC head and block resurfacing machine
- Simple conversational control
- Touchscreen operator control
- Ballscrew drives and linear slideways
- 16-inch CBN/PCD milling head

LEV 300

- Automatic vertical stroke cylinder honing machine
- True linear stroke with ballscrew drive
- Simple CNC touchscreen control
- Independent variable stroke and spindle for user defined crosshatch angle
- Bi-directional hone head feed
- Uses Sunnen AN style stones, 2.5–5.5-inch diameter

RV516ASM

- Centerless valve refacer
- Centerless workhead for best concentricity
- Infinite variable workhead rotation speed
- Includes micrometer butt grinder and chamfer attachment
- Automatic or manual feed

COOL BOSS

coolboss.com | 855-223-2665

coolee™

COOLEE

- Dual, high-airflow brushless cooling fans
- High-density, abrasion-resistant fabric for leak-proof performance
- Super-polymer rechargeable 10,000 mAh lithium-ion battery
- Detachable shoulder strap
- 14 quarts of cooler space
- Bluetooth stereo speakers
- Shielded impeller water pump delivers boosted efficiency at low noise levels
- Optimized air balance fan blades deliver efficient airflow

CTECH MANUFACTURING

ctechmanufacturing.com | 715-355-8842

ECONO GARAGE CABINET

- Perfect for any garage or race shop
- Constructed with corrosion-resistant aluminum
- Features gasket-sealed countertop, latching doors and drawers, and adjustable feet
- Available in base, overhead, wall, and closet cabinet configurations

CONFIGURABLE CARTS

- Design custom toolboxes and pit carts online using an interactive 3D online cart builder
- Select Caster Cart, Mini Cart, and Worktop Cart chassis templates to customize
- Adjust cart dimensions, powder coat finish, options, drawer stacks, and more

TOOLGRID BUNDLES

- The easiest way to kickstart your tool organization project
- A wide variety of tool holders, containers, and other items are available
- System is compatible with any drawer and infinitely adaptable to changing tool sets
- Bundles are conveniently packaged and ready to install

BLACKLINE LITE-DUTY BENCH

- Popular for race trailers and workshops
- Lightweight, durable, and stylish
- Bench folds down to save space when not in use
- Pick up and move the bench from one mounting point to another thanks to button mounting technology

GIANT FINISHING

giantfinishing.com | 708-343-6900

GIANT MODEL W-5

- 5 cu. ft. vibratory tub
- 19-inch x 35-inch process chamber
- Standard 1-1/2 hp motor with 110 V 1 PH variable frequency drive
- Steel hinged sound enclosure
- 10-gallon fabricated settling tank

GIANT MODEL GB-3

- 3 cu. ft. vibratory bowl with internal separation
- 9-inch process channel
- Standard 1-1/2 hp motor with 110 V 1 PH variable frequency drive
- Interchangeable screen deck

GIANT SLURRY BLASTER

- 48-inch x 36-inch process chamber
- 12-gauge stainless steel construction
- Laser-cut and hand-welded dual-access double-panel doors
- Window wiper with control knob
- Fresh water rinse hose
- Ergonomic blast gun

GIANT GCB CENTRIFUGAL BARREL FINISHER

- Minimal process times
- Variable frequency controls
- Variety of barrel option configurations to choose from
- Safe and easy operation

JACKPAK

jackpak.com | 833-522-5725

JACKPAK®

JACKPAK ULTRA2500A

- 4-in-1 design features a 2500A jump starter, 300-lumen LED flashlight, 150 PSI air inflator, and a 20,500 mAh power bank
- Heavy-duty, color-coded copper clamps are keyed to prevent reverse polarity connection
- Supports USB 3.0 fast charging
- 76 wh lithium-polymer rechargeable battery

MAXJAX

maxjax.com | 844-629-5291

MAXJAX[®]

MAXJAX M7K

- Clear undercar access without relying on a permanent installation
- Safely handles up to 7,000 pounds
- Adjustable lifting arms and stackable adaptors enhance overall arm positioning
- Low-profile arms fit under the lowest compact and sport vehicles
- Maintenance-free slide blocks will last virtually the life of the lift

QUICKJACK

quickjack.com | 888-262-3880

QUICKJACK™

QUICKJACK 7000TL

- Automatic safety locks engage at full-rise and mid-rise
- Increased lifting height
- New TL models offer an additional 3 inches when compared to previous models
- One-handed operation controls the raising and lowering of your QuickJack
- Safely lifts up to 7,000 lbs
- Effortlessly raises passenger cars, light-duty trucks, and SUVs

SERDI CORPORATION

serdimachines.com | 770-493-8220

SERDI

PROFILE

- Ease of use, speed, and accuracy brought to a whole new level
- Extremely versatile machine appropriate for machining any kinds of cylinder heads
- Conversational CNC single point valve seat machine
- Triple air cushion centering
- Large valve seat capacity 0.55 to 4.72 inches

SERDI S4.5

- Very accurate, all-purpose machine to ream the guides and cut the valve seats
- Triple air-float centering system and powerful spindle with built-in motor
- Heavy stroke motor spindle
- Triple air cushion centering
- Large valve seat capacity 0.6 to 4.72 inches

SERDI S3.5

- High-precision machine especially designed for multi-valve cylinder heads
- Workhead with triple air-float centering system and built-in spindle motor
- Perfect machine for the most demanded motorcycle and automotive multi-valve cylinder heads
- Achieves excellent levels of concentricity even in guide sizes as small as 3 mm/0.12 inches.

SERDI S2.0 ES

- Best budget machine designed on the working principle of the double air-float centering system
- Built-in motor spindle delivering powerful torque
- Very high rigidity machining head and frame, being able to carry any conventional heads

SUNNEN PRODUCTS COMPANY

sunnen.com | 800-325-3670

SV-35 CYLINDER HONE

- Next generation of the legendary Sunnen Cylinder King line
- Constant crosshatch from top to bottom of the bore for optimum ring sealing
- New Sunnen2 system controls for simple setup and operation
- Automatic, unattended bore-to-bore honing

SV-15 CYLINDER HONE

- Large touchscreen with easy-to-use controls
- Fast, easy setup
- Up to 100 setups can be saved with USB backup
- Bore profile display allows honing to end specs without stopping to gage bores

SH-4000 CON ROD HONE

- Automatically hones connecting rods to size
- Easy to set up and operate with minimal operator training
- Rods are honed square with the face, round and straight
- Can also be used for piston pin bores, small ending cylinders, and other parts

CH-100 LINE HONE

- CH-100 is the industry standard for align honing of main bearing bores
- Fast, easy setup
- Brings main bores back to perfect alignment with minimal stock removal
- Hones a wide variety of blocks: inline, V6, V8, and diesels

**ABS PRODUCTS
PROFESSIONAL SERIES
HANDHELD POLISHER**

- Must have for machine shops, motor rebuilders, and engine repair shops
- Makes polishing your crank, cam, and rack & pinion shafts simple, easy, and cost effective
- Available sizes 64-inch or 72-inch models
- Replacement belts in various widths and finishing available

Contact: 714-671-0728

RACE TRACK EQUIPMENT & SUPPLIES

Race track operators can improve the overall experience for both drivers and fans alike with products and services devoted to the promoters' cause, including upgraded communication systems, track cleaning equipment, onsite storage, sound systems, and more.

ADVENTURE STARTS HERE

Jeep Rear Overhead Soundbars add audio layers upon your music that transforms your sound into new dimensions of expectations. Choose from either Compression Horn (with RGB LEDs or without) or Coaxial (with RGB LEDs or without) soundbar speaker models.

The MBQJ-48HRGB and MBQJ-48H feature four 8-inch Compression Horn speakers with an enclosure, while the MBQJ-48HRGB includes RGB LEDs to bring your music to life with moving colors to showcase an in-vehicle concert. Designed to directly replace the OEM rear speaker soundbar.

The MBQJ-48CRGB and MBQJ-48C Jeep Rear Overhead Soundbars feature four 8-inch Coaxial speakers with an enclosure (like the MBQJ-48HRGB), but the MBQJ-48CRGB also includes RGB LEDs.

*Available for Jeep Wrangler JL 2018 - 2023 | Jeep Gladiator JT 2020 - 2023
*Plug & Play Installation with MBQJ-STG6A | MBQJ-STG6AH

RACE SANCTIONING ORGANIZATIONS

Helping to ensure a level playing field for participants, these organizations regulate and coordinate the events and series that fall under their authority. As de facto governing bodies, they partner with member tracks, develop and enforce rulebooks, penalize infractions, run sponsorship and contingency programs, manage payouts, and work to keep drivers, crew members, spectators, and others safe while maintaining fair and equitable competition.

Now with Duramax L5P

UNLOCK YOUR VEHICLE'S **MAXIMUM POTENTIAL!!!**

Put the right tools in your toolbox! **FlashScan V3** from EFILive allows you to scan, data log and reprogram your vehicle for maximum performance and outstanding drivability.

FLASHSCAN V3 SPECIFICATION:

- ✓ Fully integrated Scan and Tune Tool.
- ✓ All new V8 tune file editor.
- ✓ Integrate your custom calibrations into the V8 editor.
- ✓ Light duty (CAN J1979, VPW J1850) and Heavy duty (CAN J1939) protocols.
- ✓ Supports 600 VIN Licenses.
- ✓ Large, easy to read color screen.
- ✓ Built in 512MB micro SD Card.
- ✓ Built-in audible alarms.
- ✓ Upgradable firmware.
- ✓ Vehicle input voltage - Min 9V, Max 28V.
- ✓ Battery backed real-time clock.
- ✓ Appears as a Windows USB drive.
- ✓ Built-in power supply prevents data corruption if external power supply is interrupted.
- ✓ Customize menus, colors and images.
- ✓ Read & clear DTC codes.
- ✓ High speed data logging.
- ✓ Display data while logging.
- ✓ Read & program calibration & operating system data of engine controller.
- ✓ Integrates with AutoCal V3 to deliver your own custom handheld tuning device.
- ✓ Automatic saving of trace files.

FLASHSCAN & AUTOCAL V3 COMPATIBILITY:

FlashScan V3 & AutoCal V3 can be used with the following controllers:

- » Most 2006-2021 Dodge Cummins 5.9L & 6.7L
- » Most 1998-2021 GM Gas Vehicles
- » 2001-2023 Duramax 6.6L
- » 2014-2021 Duramax 2.8L
- » Most 2007-2021 Cummins HD Controllers

FlashScan V3 with one Tuning option US\$1025.00

AutoCal V3 as low as US\$290.00*

*Quantity discounts available

Every Toolbox Needs...

WALTON™ Tap Extractors & Tap Extensions

Performance professionals have depended on high-quality Walton tools since 1908.

TAP EXTRACTORS

- Remove broken taps simply and safely, without drilling, lasers, damaged threads, scrapped parts or repair inserts.
- Available in every tap size, both inch and metric.

TAP EXTENSIONS

- Extend the reach of regular-length taps and allow tapping in deep holes and awkward locations.
- Square and round sockets conform to leading tap sizes.
- Suitable for both machine and hand-tapping.

Available as sets or individual pieces.

Tapping into good ideas for over 110 years.

DESIGNED FOR DRAG RACING

CF90/10 FRONT SHOCKS

Engineered for vehicles with mid-range power, our CF Series is built to allow the front end of your car to come up easily with a better weight transfer and softest rate of rebound. Dual compression valving: high speed valving keeps your front end from bottoming out on hard landings and low speed compression allows the front to settle at the top end. Every recommended application has been closely evaluated for best length to ensure enough travel for maximum traction unlike stock shocks designed for street driving. STREET DRIVING NOT RECOMMENDED.

CalTracs

for TRUCKS

<< Three Hole Pivot Plates shown

Low Pro, Drag Profile 3 and 4 Hole Lifted and Monster kits available.

Not just for racing, CALTRACS for TRUCKS hooks hard, stops wheel spin and wheel hop during hard acceleration in the dirt, going up hills, towing, hauling, and drag racing. CalTracs maintains pinion angle and prevents axle wrap that can damage suspensions.

Bolt on kit: no mods most applications
Easy Pre-load adjustability
Durable powder coated finish
Detailed Illustrated Installation Guide

MANUFACTURERS' REPRESENTATIVES

An invaluable link between suppliers and the customers who move their products, manufacturers' representatives interact with everyone from the largest warehouse distributors to the smallest speed shops and engine builders. They typically act as a supplier's outside sales force. Many also work trade shows and/or car shows for their clients, while others manage their customers' wholesale operations.

WAREHOUSE DISTRIBUTORS

These operations bridge the gap between motorsports industry suppliers and the retail businesses that deal directly with racers and team members. Among their myriad functions, warehouse distributors (WDs) provide valuable storage space, communication tools, technical support, cataloging, and other useful services. Several also work within an established marketplace, giving them unique insight into the parts and equipment in demand for a specific region.

HYLIFT JOHNSON LIFTERS

DO YOU KNOW WHO MAKES YOURS?

Hy Lift Johnson Lifter Co., the original Iconic brand, is the only global premier designer and manufacturer of engine lifters. Located in Muskegon, Michigan for over 85 years! We manufacture the most complete line of stock and high performance lifters in the industry! Hydraulic, Mechanical, Roller, Flats, Tie Bar Retro fit and Lash adjusters as well as Slow and Fast Leak Down versions and our Patented EDM Direct Shot® and Dual Float™ Bearings. All made in the USA where Quality, Performance, Endurance and Engineering still matter!

THE ONLY COMPANY THAT DOES IT ALL!

As Topline celebrates 50 years of supplying quality import engine parts, we look forward to continuing our tradition of building strong relationships with our customers by delivering dependable, reliable service.

Topline truly embodies the spirit of innovation, integrity, trust and excellence. We understand that success doesn't come from what is done occasionally, but from what is done consistently. We pride ourselves on this commitment. Our products are sold and recommended by the most knowledgeable, experienced and trusted engine builders and parts distributors in the world.
